Raajdhani Engineering College Bhubaneswar, Odisha

Department of Civil Engineering

Activity Report

Name of the Activity: "Entrepreneurship skill, Attitude & Behaviour Development"

Nature of Activity : National Seminar

Organized by : Dept. of Civil Engg. & IIC Cell in Collaboration with ISTE

Date : 18.06.2018

Venue : IIT Bombay, Next Generation

No of Participants : 120

Resource Person : Prof. Dr. Padma Charan Mishra, HOD of MBA Dept., Central University of Odisha, Koraput, Odisha

Abstract:

The department of Civil Engg. & IIC Cell in collaboration with ISTE had organized a one-day Expert talk on "Entrepreneurship skill, Attitude & Behaviour Development" at Raajdhani Engineering College, Bhubaneswar. The chief guest was Prof. Dr. Padma Charan Mishra, HOD of MBA Department, Central University of Odisha, Koraput, Odisha. This transformative event was designed to equip participants with the essential tools, mind set, and behaviours needed to thrive in the world of entrepreneurship. The main objective of this seminar was to focus on skill development, attitude cultivation, and behaviour shaping, emphasizing its practical relevance and transformative potential for participants at all stages of their entrepreneurial journey.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech, Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The main motive of this talk was to equip participants with the essential tools, mindset, and behaviors needed to thrive in the world of entrepreneurship. The main objective of this seminar was to focus on skill development, attitude cultivation, and behavior shaping, emphasizing its practical relevance and transformative potential for participants at all stages of their entrepreneurial journey.

ABOUT THE DEPARTMENT

The Department of Civil Engineering at Raajdhani Engineering College, has been in existence since 2008. The Civil Department is focused on the Designing, Surveying, and Construction sectors, producing technically expert engineers. Civil Engineers are making significant contributions in planning and execution of Civil Engineering projects in India. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility. The Civil Engineering Department is one of the prestigious departments of this institute. The department offers four year B-Tech & two year M-Tech course in Structural Engineering specialization. The focus is to provide application oriented education covering the entire spectrum of Civil Engineering.

Activity Report

Name of the Activity: "Block chain technology and intellectual property rights"

Nature of Activity : National Seminar

Organized by : Dept. Electrical Engineering & IQAC CELL in collaboration with IE

Date : 12.07.2018

Venue : Conference Hall

No of Participants : 113

Resource Person : Dr. Monaj Ku. Sahu, HOD of Dept. of Electrical Engineering, BPUT, Rourkela

Abstract:

Raajdhani Engineering College had systematized a national seminar on 12.07.2018 on the topic "**Block chain technology and intellectual property rights**" which delivered a broad idea about block chain technology, including its fundamental principles and operational mechanisms. The chief guest, **Dr. Monaj Ku. Sahu**, made available an overview of the seminar's objectives, themes, and projected outcomes. The main forthcoming of this seminar was to explore the **Potential Of Block Chain Technology** in revolutionizing the management and protection of intellectual property rights; And how block chain solutions can address existing challenges in intellectual property management, enhance transparency, reduce inefficiencies, and ensure greater security and integrity in the protection of creative and innovative work.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The main forthcoming of this seminar was to explore the Potential of Block Chain Technology in revolutionizing the management and protection of intellectual property rights; and how block chain solutions can address existing challenges in intellectual property management, enhance transparency, reduce inefficiencies, and ensure greater security and integrity in the protection of creative and innovative work.

ABOUT THE DEPARTMENT

The department offers a vibrant environment for education in Electrical Engineering. Our mission is to provide a high-quality education and prepare students to design and develop products as well as practical solutions to problems in public and private sectors. Currently, the department of Electrical Engineering offers B. Tech. in Electrical Engineering. Faculty members in the Electrical Engineering department hold B. Tech/ M. Tech/ PhD degrees from prestigious government institutions. Faculty members have specialization in diverse fields of Electrical Engineering such as Power systems, Electrical Machines, Electrical Drives, High Voltage Engineering, Control systems, Instrumentation, Biomedical Engineering, Signal Processing, and Data Mining. The faculty members have published a significant number of research and review articles in reputed International Journals as well as in the Proceedings of various International and National Seminars, Conferences, Symposia and Workshops. Members of the faculty have also contributed chapters to books published by well-known international publishers.

How to apply:

Interested candidates fill up the registration form and send to Email Id hodee@rec.ac.in within 15 day. There is no registration fees.

Raajdhani Engineering College Bhubaneswar, Odisha

Department of MBA

Activity Report

Name of the Activity: "World Entrepreneurship Day"

Nature of Activity : National Seminar

Organized by : Dept. of MBA & IQAC CELL in Collaboration with ISTE

Date : 21/08/2018

Venue : B-321, MBA Seminar Hall

No of Participants : 92

Resource Person : Dr. Sathya Swaroop Debasish [HOD, Business Administration], Utkal University, Odisha

Abstract:

A National Seminar on "World Entrepreneurship Day" was organized by the MBA Department at Raajdhani Engineering College on 21st August, 2018. The chief guest was Dr. Sathya Swaroop Debasish, who gave an insights on honour the visionary minds and innovative solutions driving economic growth and societal progress. The main objective of the seminar to aware students about collaboration with local entrepreneurship organizations, universities, and businesses to reach a wider audience. And some prospective about networking opportunities by which participants will have the chance to connect with seasoned entrepreneurs, industry leaders, and fellow enthusiasts, fostering collaboration and knowledge exchange.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The main objective of the seminar to aware students about collaboration with local entrepreneurship organizations, universities, and businesses to reach a wider audience. And some prospective about networking opportunities by which participants will have the chance to connect with seasoned entrepreneurs, industry leaders, and fellow enthusiasts, fostering collaboration and knowledge exchange.

ABOUT THE DEPARTMENT

The Department of Master in Business administration was established in 2008. It provides high quality Management system. The school believes that Management has to interact with technology more intimately in today's world and hence this stride in blending technology with Management Education is highly essential. The department conducts various interactive training programs for the students. This is to equip students with requisite knowledge and skills to meet the challenges of the new order. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility.

How to apply:

Interested candidates fill up the registration form and send to Email Id hodmba@rec.ac.in within 15 day. There is no registration fees.

Department of Mechanical Engineering

Activity Report

Name of the Activity	:	"Copyright Laws in the Digital Era"
Nature of Activity	:	National Seminar
Organized by	:	Dept. Mechanical Engineering & IIC Cell in Collaboration with ISTE & IE
Date	:	07.09.2018
Venue	:	B-321, MBA Seminar hall
No of Participants	:	68
Resource Person	:	Dr. Alok Satapathy, HOD Mechanical Engineering, NIT, Rourkela, Odisha

Abstract:

The department of Mechanical Engineering in collaboration with ISTE & IE organized one day National seminar on **"Copyright Laws in the Digital Era"** at Raajdhani Engineering College, Bhubaneswar. The chief guest was Dr. Alok Satapathy from NIT Rourkela, Odisha. He delivered a brief idea about copyright laws for our digital resources. The main objective of this seminar was to raise awareness about the challenges and opportunities presented by digital technologies to copyright enforcement, such as online piracy, unauthorized distribution, and the implications of emerging technologies like AI-generated content.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India; and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering. Ph.D in Mechanical Engineering.

OBJECTIVES:

National seminar on "Copyright Laws in the Digital Era" aims was to raise awareness about the challenges and opportunities presented by digital technologies to copyright enforcement, such as online piracy, unauthorized distribution, and the implications of emerging technologies like AI-generated content. Copyright law has two key purposes. The first is to provide continuing incentives encouraging people to develop creative works. The second purpose is to facilitate productive use of creative content by the public. At times, these two purposes may conflict.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering at Raajdhani Engineering College, has been in existence since 2008. The Department is organized in terms of four groups namely Fluid Mechanics, Industrial & Production Engineering, Thermal Engineering and Machine Design group. These groups are involved in teaching and research in the broad areas of Fluid Mechanics, Computational Fluid Dynamics, Molecular Fluid Dynamics, Solid Mechanics, and Impact Mechanics & Structural Dynamics. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility.

HOW TO APPLY

Interested candidates fill up the registration form within 15 days and send to the Email id hodmech@rec.ac.in. No TA/DA applicable for any candidates.

Registration details: No registration fees.

Department of MBA

Activity Report

Name of the Activity: "IPR and Sustainable Development Goals (SDGs)"

Nature of Activity : National Seminar

Organized by : Dept. of MBA & IQAC CELL in Collaboration with ISTE

Date : 23.11.2018

Venue : B-321, MBA Seminar Hall

No of Participants : 64

Resource Person : Prof. Dr. Biswajit Satpathy, HOD of MBA Dept., Sambalpur University, Sambalpur, Odisha

Abstract:

A National Seminar on "IPR and Sustainable Development Goals (SDGs)" dated 23.11.2018 was organized by the MBA Department at Raajdhani Engineering College. The chief guest was **Dr. Biswajit Satpathy**, who gave an insights on symbiotic relationship between IPR and SDGs, highlighting how the protection and utilization of intellectual property can drive advancements in key areas outlined by the **United Nations Sustainable Development Agenda**. The seminar aimed at making students aware about the **Role of IPR** in balancing the interests of innovators, consumers, and society at large. It discussed the importance of ensuring equitable access to intellectual property, particularly in the context of essential technologies and knowledge transfer to developing countries, while also safeguarding the rights of creators and innovators.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The seminar aimed at making students aware about the **Role of IPR** in balancing the interests of innovators, consumers, and society at large. It discussed the importance of ensuring equitable access to intellectual property, particularly in the context of essential technologies and knowledge transfer to developing countries, while also safeguarding the rights of creators and innovators.

ABOUT THE DEPARTMENT

The Department of Master in Business administration was established in 2008. It provides high quality Management system. The school believes that Management has to interact with technology more intimately in today's world and hence this stride in blending technology with Management Education is highly essential. The department conducts various interactive training programs for the students. This is to equip students with requisite knowledge and skills to meet the challenges of the new order. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility.

How to apply:

Interested candidates fill up the registration form and send to Email id hodmba@rec.ac.in within 15 day. There is no registration fees.

Activity Report

Name of the Activity : "Trademark Protection and Brand Management"
Nature of Activity : National Seminar
Organized by : Dept. of MBA & IIC Cell in Collaboration with IE
Date : 08.01.2019
Venue : Conference Hall
No of Participants : 92
Resource Person : Dr. Sitanath Raiguru, Asst. Professor, Dept. of MBA, Central University of Odisha, Koraput, Odisha
Abstract:

A seminar titled "**Trademark Protection and Brand Management**" was conducted by Dept. of MBA & IIC Cell in Collaboration with IE on **08.01.2019** at Raajdhani Engineering College (REC), Bhubaneswar. The chief guest was Dr. Sitanath Raiguru, Asst. Professor at Dept. of MBA, Central University of Odisha, Koraput, Odisha. He gave a pathway to the students to recognize the necessity of trademark protection of any brand or product. This seminar offers a comprehensive exploration of the nuances of trademark protection, covering legal frameworks, registration processes, and enforcement mechanisms. Additionally, we delved into the strategic aspects of brand management, including brand positioning, differentiation, and equity building.

Department of MBA

Activity Report

Name of the Activity : "The Growth of Entrepreneurial Ideas and Abilities"
Nature of Activity : Expert Talk
Organized by : Dept. of EE & IIC Cell in Collaboration with IE
Date : 08.02.2019
Venue : B-307, Seminar Hall
No of Participants : 68
Resource Person : Dr. Rashmita Sahoo, Assistant Professor, Dept. of MBA, Utkal University, Bhubaneswar, Odisha

Abstract:

The department of Electrical Engg. & IIC Cell in collaboration with IE had organized a one-day Expert talk on "The Growth of Entrepreneurial Ideas and Abilities" at Raajdhani Engineering College, Bhubaneswar. The chief guest was **Dr. Rashmita Sahoo, Assistant Professor, Dept. of MBA, Utkal University, Bhubaneswar, Odisha**. She had explored the role of entrepreneurship in addressing pressing global challenges, from sustainability to healthcare, and discuss strategies for cultivating an entrepreneurial mindset across different sectors and communities. The main objective of this seminar to discuss how digital ecosystems are reshaping the entrepreneurial landscape and creating new opportunities for collaboration and growth.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The main objective of this talk to discuss how digital ecosystems are reshaping the entrepreneurial landscape and creating new opportunities for collaboration and growth. Entrepreneur skills include various skill sets such as leadership, business management, time management, creative thinking and problem-solving. You can apply these skills in many job roles and industries. These entrepreneur skills are vital for promoting innovation, business growth and competitiveness. Developing these skills means developing many skills together.

ABOUT THE DEPARTMENT

The department offers a vibrant environment for education in Electrical Engineering. Our mission is to provide a high-quality education and prepare students to design and develop products as well as practical solutions to problems in public and private sectors. Currently, the department of Electrical Engineering offers B. Tech. in Electrical Engineering. Faculty members in the Electrical Engineering department hold B. Tech/ M. Tech/ PhD degrees from prestigious government institutions. Faculty members have specialization in diverse fields of Electrical Engineering such as Power systems, Electrical Machines, Electrical Drives, High Voltage Engineering, Control systems, Instrumentation, Biomedical Engineering, Signal Processing, and Data Mining. The faculty members have published a significant number of research and review articles in reputed International Journals as well as in the Proceedings of various International and National Seminars, Conferences, Symposia and Workshops. Members of the faculty have also contributed chapters to books published by well-known international publishers.

HOW TO APPLY

This seminar is conducted by the Internal Quality Assessment Cell. Interested candidates may register free using the given registration form and send to iqac@rec.ac.in.

Activity Report

Name of the Activity: "IPR Funding Strategies for Startups: Monetizing Innovation Assets"

Nature of Activity : National Seminar

Organized by : Dept. of Computer Science Engg. & IIC Cell in Collaboration with MIC

Date : 21.03.2019

Venue : IIT Bombay, Next Generation

No of Participants : 59

Resource Person : Prof. Dr. Aftab Alam, Assistant Professor, Department of MBA, SMR University, Andhra Pradesh

Abstract:

The department of Computer Science and Engg. & IIC Cell in collaboration with MIC had organized a one-day seminar on "IPR Funding Strategies for Startups: Monetizing Innovation Assets" at Raajdhani Engineering College, Bhubaneswar. The chief guest was Prof. Dr. Aftab Alam, Assistant Professor, Department of MBA, SMR University, Andhra Pradesh. The seminar had spotlighted the emerging trends and best practices in IPR funding, including crowd funding campaigns, royalty-based financing, and government grants tailored for innovation-driven startups. By the end of the seminar, attendees had been equipped with actionable strategies and insights to navigate the complex landscape of IPR funding, enabling them to unlock the full potential of their innovation assets and accelerate the trajectory of their startups in today's competitive marketplace.

ABOUT THE DEPARTMENT

The Department of Computer Science was established in the year 2008 with the objective of imparting quality education in the field of Computer Science and strives to shape outstanding computer professionals. The Department has modern facilities for teaching, learning and research. The Department offers a wide range of research opportunities and programs of study at undergraduate and postgraduate level. The training imparted aims to prepare young minds for the challenging opportunities in the IT industry with a global awareness supported by experts in the field of Computer science. We afford our students a strong foundation in the principles of computer science and offer a wide range of courses in cutting-edge areas such as machine learning, artificial intelligence, natural language processing, programming languages, computer vision, and security and privacy.

Department of MCA

Activity Report

Name of the Activity: "Navigating IPR Challenges in Startup Funding Rounds: Tips for Entrepreneurs"

Nature of Activity : National Seminar

Organized by : Dept. of MCA & IQAC Cell in Collaboration with AICTE

Date : 17.04.2019

Venue : IIT Bombay, Next Generation

No of Participants : 67

Resource Person : Dr. Patitapaban Rath, Asst. Professor, Dept. of MCA, Central University of Odisha, Koraput, Odisha

Abstract:

The department of MCA & IQAC Cell in collaboration with AICTE had organized a one-day seminar on "Navigating IPR Challenges in Startup Funding Rounds: Tips for Entrepreneurs" at **Raajdhani Engineering College**, Bhubaneswar. The chief guest was **Prof. Dr. Patitapaban Rath**, Assistant Professor, Department of MCA, Central University of Odisha, Koraput, Odisha. The seminar had spotlighted the emerging trends and best practices in IPR funding, including crowd funding campaigns, royalty-based financing, and government grants tailored for innovation-driven startups. This seminar aims to empower entrepreneurs with the knowledge and resources necessary to navigate the complex landscape of IPR challenges in startup funding rounds. By arming themselves with a robust understanding of IPR fundamentals and leveraging proactive strategies, entrepreneurs can position their startups for sustainable growth and success in today's competitive market.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

This seminar aims to empower entrepreneurs with the knowledge and resources necessary to navigate the complex landscape of IPR challenges in start-up funding rounds. By arming themselves with a robust understanding of IPR fundamentals and leveraging proactive strategies, entrepreneurs can position their start-up for sustainable growth and success in today's competitive market.

ABOUT THE DEPARTMENT

The Master of Computer Applications Department was established in the year 2007 with an intake of 60 students. The Department equipped with well qualified and experienced faculty members. The Department has well equipped laboratory facilities with latest and updated versions of the software and 24 hour Wi-Fi enabled. The Department conducts periodic workshops, seminars, symposiums and conferences to help the students, research scholars and corporate world to unite in a common place and thereby strengthen the Industry- Institution fusion. The Department has a very good placement record and our students have got placed in leading companies like Tech Mahindra Ltd, WIPRO Ltd, Info Systems, TCS, Savvy Soft Technologies, Vee Technologies etc. Our Students can become an analyst, system/DB administrators, independent software developers and entrepreneurs.

How to apply:

Interested candidates fill up the registration form and send to Email Id hodmca@rec.ac.in within 15 day. There is no registration fees.

Raajdhani Engineering College (REC) Bhubaneswar, Odisha

Department of Mechanical Engineering

Activity Report

Name of the Activity: "Prototype / Process Design and Development"

Nature of Activity : Workshop

Organized by : Dept. of Mechanical Engineering & IIC Cell in collaboration with IE

Date : 27.04.2019

Venue : Conference Hall

No of Participants : 130

Resource Person : Dr. Amitava Dutta, Asst. Professor, Department of Mechanical Engg., Aliah University, Kolkata, Kadampukur, West Bengal 700156.

Abstract:

Raajdhani Engineering College, (REC) had systematized a workshop on 27.04.2019 on the topic **"Prototype / Process Design and Development"** which delves into the vital realms of prototype creation and process design, essential pillars in fostering innovation and problem-solving across diverse industries. The chief guest **Dr. Amitava Dutta** made available an overview of the workshop's objectives, themes, and projected outcomes. The workshop had illuminate the fundamental principles of process design, elucidating its pivotal role in enhancing efficiency, quality, and scalability.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes. MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The basic aim of "Prototype / Process Design and Development" is to illuminate the fundamental principles of process design, elucidating its pivotal role in enhancing efficiency, quality, and scalability. Another common misconception is that prototyping is a fixed step in the design process. In reality, it's not a gate that a product must pass through prior to final production but, rather, a recurring activity in the product development cycle. This article is intended to be an introduction to the process, methods, and different prototyping tools that are instrumental in developing early representations of physical products.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering at Raajdhani Engineering College, has been in existence since 2008. The Department is organized in terms of four groups namely Fluid Mechanics, Industrial & Production Engineering, Thermal Engineering and Machine Design group. These groups are involved in teaching and research in the broad areas of Fluid Mechanics, Computational Fluid Dynamics, Molecular Fluid Dynamics, Solid Mechanics, and Impact Mechanics & Structural Dynamics. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room.

HOW TO APPLY

Interested candidates fill up the registration form within 15 days and send to the Email Id hodmech@rec.ac.in. No TA/DA applicable for any candidates.

Registration details: No registration fees.

Activity Report

Name of the Activity: "IPR issues in Cyberspace"

Nature of Activity : National Seminar

Organized by : Dept. Computer Science and Engineering & IIC CELL in Collaboration with ISTE

Date : 21.06.2019

Venue : Seminar hall

No of Participants : 65

Resource Person : Dr. Ajaya Kumar Dash, Assistant Professor Department of Computer Science, IIT Bhubaneswar - 751003

Abstract:

Raajdhani Engineering College, (REC) had systematized a national seminar on 21.06.2019 on the topic "IPR issues in Cyberspace" which covered a wide range of topics concerning intellectual property rights (IPR) in the digital realm. The chief guest **Dr. Ajaya Kumar Dash** make available an overview of the seminar's objectives, themes, and projected outcomes. Speaker also explained, how a foundational exploration of IPR occurred and elucidating the significance of patents, trademarks, copyrights, and trade secrets in safeguarding innovation and creativity. Participants will then embark on an exploration of cyberspace, dissecting its transformative influence on conventional notions of intellectual property.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech, Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

IPR provide certain exclusive rights to the inventors or creators of that property, in order to enable them to reap commercial benefits from their creative efforts or reputation. There are several types of intellectual property protection like patent, copyright, trademark, etc. Intellectual Property rights are the rights given to creators for their original inventions or literary works. These rights can be used for monetary gains from original creations and can protect their original work from being copied or cheated at least.

ABOUT THE DEPARTMENT

The Department of Computer Science was established in the year 2008 with the objective of imparting quality education in the field of Computer Science and strives to shape outstanding computer professionals. The Department has modern facilities for teaching, learning and research. The Department offers a wide range of research opportunities and programs of study at undergraduate and postgraduate level. The training imparted aims to prepare young minds for the challenging opportunities in the IT industry with a global awareness supported by experts in the field of Computer science. We afford our students a strong foundation in the principles of computer science and offer a wide range of courses in cutting-edge areas such as machine learning, artificial intelligence, natural language processing, programming languages, computer vision, and security and privacy.

HOW TO APPLY

Interested candidates fill up the registration form within 15 days and send to the Email Id hodcse@rec.ac.in. No TA/DA applicable for any candidates.

Registration details: No registration fees.

Raajdhani Engineering College Bhubaneswar, Odisha
Activity Report

Name of the Activity: "Intellectual Property Right: Basic understanding"

Nature of Activity: National Seminar

Organized by: Dept. Civil Engineering & IQAC CELL in Collaboration with IE

Date : 13.07.2019

Venue : B-307 Seminar Hall, REC, Bhubaneswar

No of Participants: 62

Resource Person : Dr. Bandita Naik, Dept. Civil Engineering, BPUT Rourkela, Odisha

Abstract:

One day Seminar was organized by Civil Engineering Department on "Intellectual Property Rights: Basic understanding". This program was scheduled and conducted for one day dated 13h July 2019 from 03.00 PM to 4:00 PM .Session was conducted very well by Resource Persons. This seminar was inaugurated by Dr. Bandita Naik, Dept. Civil Engineering, BPUT Rourkela, Odisha. The session was very interactive with questions from faculties and students and clearing the doubts by Resource persons with their Expertise and experience in the field. The main motive of this seminar was to make mindful students about IPR and its claims like IPR allows students to protect their innovative ideas, creations, and research findings. This recognition and protection incentivize students to invest time and effort into creating valuable intellectual assets.

Brochure of the seminar : "Intellectual Property Right: Basic understanding"

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The main motive of this seminar was to make mindful students about IPR and its claims like IPR allows students to protect their innovative ideas, creations, and research findings. This recognition and protection incentivize students to invest time and effort into creating valuable intellectual assets. Intellectual property rights (IPR) refers to the legal rights given to the inventor or creator to protect his invention or creation for a certain period of time.

ABOUT THE DEPARTMENT

The Department of Civil Engineering at Raajdhani Engineering College, has been in existence since 2008. The Civil Department is focused on the Designing, Surveying, and Construction sectors, producing technically expert engineers. Civil Engineers are making significant contributions in planning and execution of Civil Engineering projects in India. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility. The Civil Engineering Department is one of the prestigious departments of this institute. The department offers four year B.Tech & two year M.Tech course in Structural Engineering specialization. The focus is to provide application oriented education covering the entire spectrum of Civil Engineering.

CONTACT PERSON

Mr. Shubhashish Bhoi,
Assistant Professor
Dept. of Civil Engg. REC, Bhubaneswar

How to apply:

Interested candidates fill up the registration form and send to Email Id hodcivil@rec.ac.in within 15 day. There is no registration fees.

Raajdhani Engineering College Bhubaneswar, Odisha
Activity Report

Name of the Activity : Research Methodology
Nature of Activity : National Seminar
Organized by : Dept. of ME & IQAC CELL with collaboration with ISTE
Date : 17.08.2019
Venue : Conference Hall
No of Participants : 178
Research Person : Dr.Chandan Kumar Biswas, Dept. Mechanical Engineering, NIT Raurkela, Odisha

Abstract:

A seminar titled "Research Methodology" was conducted by Department of Mechanical Engineering & IQAC dated 17.08.2019 at Raajdhani Engineering College REC, Bhubaneswar. The chief guest was Dr.Chandan Kumar Biswas, Dept. Mechanical Engineering NIT Raurkela, Odisha. He gave a pathway to the students to recognize the necessity of research exploration in a student's life and in their career. This seminar aims to provide a comprehensive overview of research methodology, covering fundamental concepts, various approaches, and practical applications. Through a series of interactive sessions and case studies, participants will explore the key components of research design, including formulation of research questions, selection of appropriate methods, data collection techniques, and analysis procedures. Moreover, the seminar will explore into the importance of establishing validity, reliability, and rigor in research endeavours, while also addressing ethical considerations and the responsible conduct of research.

Department of Electrical Engineering
Raajdhani Engineering College Bhubaneswar, Odisha
Activity Report

Name of the Activity: "Intellectual Property Rights and Patenting"

Nature of Activity: National Seminar

Organized by: Dept. Electrical Engineering & IQAC CELL in Collaboration with MIC & AICTE

Date : 10.11.2019

Venue : IIT Bombay, Next generation

No of Participants: 68

Resource Person : Dr. Lokanath Tripathy (HOD Electrical Engineering), OUTR, Bhubaneswar Odisha

Abstract:

There was a National Seminar on 10th Nov, 2019 which serves as a platform for "Intellectual Property Rights and Patenting". The Seminar started at 2:00 p.m. in IIT Bombay, Next generation. Dr. Lokanath Tripathy was the speaker. He gave a broad idea about Intellectual property as a category of property that includes intangible creations of the human intellect, and primarily encompasses copyrights, patents and trademarks. It also includes other types of rights, such as trade secrets, publicity rights, moral rights, and rights against unfair competition. The main objective of this seminar was to aware students about their patenting rights. Speaker also explained, how IPR provides total control over an innovation and its creator. Students and faculty members also learned about how small innovations influence societies at large and how they should indulge in innovating and patenting ideas that will be useful for all classes of individuals in society.

Brochure of the seminar : "Intellectual Property Rights and Patenting"

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg. Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES.

The main objective of this seminar was to aware students about their patenting rights. Speaker also explained, how IPR provides total control over an innovation and its creator. Students and faculty members also learned about how small innovations influence societies at large and how they should indulge in innovating and patenting ideas that will be useful for all classes of individuals in society. Intellectual Property Rights (IPRs) are a set of exclusive rights protected by law which are accorded to creators or persons over their creations for a certain time of period.

ABOUT THE DEPARTMENT

The department offers a vibrant environment for education in Electrical Engineering. Our mission is to provide a high-quality education and prepare students to design and develop products as well as practical solutions to problems in public and private sectors. Currently, the department of Electrical Engineering offers B. Tech. in Electrical Engineering. Faculty members in the Electrical Engineering department hold B. Tech/ M. Tech/ PhD degrees from prestigious government institutions. Faculty members have specialization in diverse fields of Electrical Engineering such as Power systems, Electrical Machines, Electrical Drives, High Voltage Engineering, Control systems, Instrumentation, Biomedical Engineering, Signal Processing, and Data Mining. The faculty members have published a significant number of research and review articles in reputed International Journals as well as in the Proceedings of various International and National Seminars, Conferences, Symposia and Workshops. Members of the faculty have also contributed chapters to books published by well-known international publishers.

HOW TO APPLY

This seminar is conducted by the Internal Quality Assessment Cell. Interested candidates may register free using the given registration form and send to igac@rec.ac.in.

ADDRESS FOR COMMUNICATION

RAAJDHANI ENGINEERING COLLEGE

Near Mancheswar Railway Station, P.O-Mancheswar Railway Colony, BBSR-751017(Orissa).

Visit us - www.rec.ac.in

CONTACT PERSON

Prof. Duradarsini Swain, dept. of Electrical Engineering, REC, BBSR

Contact No. (0674)2972802

LOCATION

Raajdhani Engineering College is located in the temple city Bhubaneswar, nearly-3km from NH-5 and adjacent to Mancheswar Rly Station in a sprawling campus. The College is well connected through roadways. Public transport facility is also available at a regular interval from Rly. station /Baramunda /Rasulgarh Sq. /Vanivihar.

Department of Civil Engineering

Activity Report

Name of the Activity: "Importance of Integrated Water Management in the country"

Nature of Activity : National Webinar

Organized by : Dept. of Civil Engineering in Collaboration with MIC & AICTE

Date : 22.03.2020

Venue : Online

No of Participants : 278

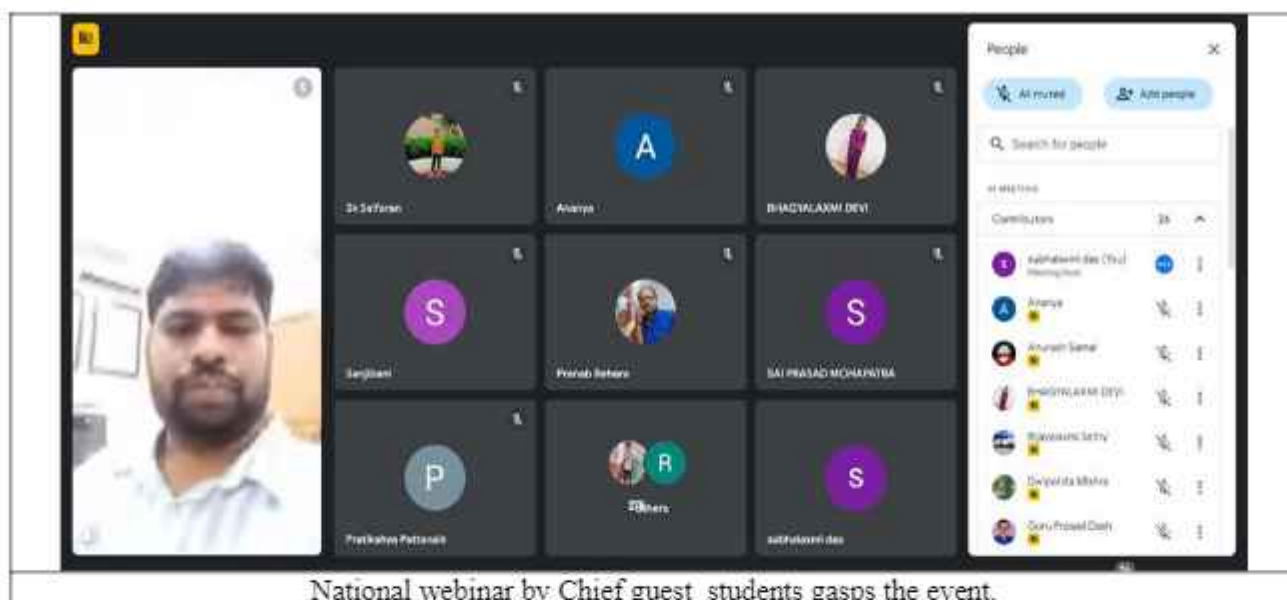

Resource Person : Prof. Dr. Chittaranjan Sahoo
Civil Engineering, Indira Gandhi Institute of Technology, Sarang, Odisha

Abstract:

There was a National Webinar on 22nd March, 2020 on occasion of "World Water Day" which serves as an attention to the complex and interlinked relationships between sustainable water management, prosperity and peace and describing how progress in one dimension can have costiveness and often essential that have repercussions on the others. This talk covers a broad idea about public health and prosperity, food and energy systems, economic productivity and environmental integrity that rely on a well-functioning and equitably managed water cycle. The main concept of this webinar is to promote "Water is Peace". In view of that, on 22nd March, 2020 from 12p.m to 1 p.m., the Dept. of Civil Engineering with Collaboration with MIC & AICTE by the Google meet. The chief guest Prof. Dr. Chittaranjan Sahoo provides an overview of the webinar's objectives, themes, and anticipated outcomes to generate new knowledge and insights. The Webinar aims to make aware students that the civil engineers are largely responsible for maintaining roads, bridges, railways and the nation's water supply. In particular it ensures that the water supply infrastructure is quite effective and able to endure natural disasters caused by climate change for growing population.

Program Brochure

NATIONAL WEBINAR ON "Importance of Integrated Water Management in the country"

22nd March 2020

CHAIRMAN:

Prof. (Dr.) Bimal Sarangi
Principal, REC, Bhubaneswar

Organized by
Dept. of Civil Engineering in
Collaboration with MIC & AICTE
Raajdhani Engineering College,
ODISHA, BBSR, 751017

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech. in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering. Ph.D in Mechanical Engineering.

OBJECTIVES:

The aim of this webinar is to maximize economic and social welfare in an equitable manner, without compromising the sustainability of vital ecosystems. The main concept of this webinar is to promote **"Water is Peace"**. The Webinar aims to make aware students that the civil engineers are largely responsible for maintaining roads, bridges, railways and the nation's water supply. In particular it ensures that the water supply infrastructure is quite effective and able to endure natural disasters caused by climate change for growing population.

CONTACT PERSON

Dr. Sanjay Kumar Behera

Associate Professor

Dept. of Civil Engineering

Raajdhani Engineering College, BBSR, 751017

LOCATION

Raajdhani Engineering College is located in the temple city Bhubaneswar, nearly 3km from NH-5 and adjacent to Mancheswar Rly Station in a sprawling campus. The College is well connected through roadways. Public transport facility is also available at a regular interval from Rly station /Baramunda /Rasulgarh Sq. /Vanivihar.

Brochure of the webinar : "Importance of Integrated Water Management in the country"

ABOUT THE DEPARTMENT

This Civil Department was started in 2008 with basic equipment for Undergraduate Course and for Post Graduate Course in Structural Engineering. From 2009 Civil Engineering Laboratory has been modified and updated several times. In addition to offices, classrooms, and laboratories, the building features a two-story, central crane bay for large-scale experimental research. There is a comprehensive machine shop that is capable of fabricating nearly any item required by faculty who are conducting research. In addition, researchers within Civil Engineering Department at GCT have access to the resources of the Computing facilities.

The department's structural research laboratory has a long history of excellence in large-scale experimental structural research. Over the years, research performed at the lab has contributed greatly to the state-of-the-art in Civil Engineering. The structural testing area of the laboratory is a versatile space with a two-story clear height that can be used to carry out a wide range of tests of building materials, components, structural assemblies, and models. It features a central, two-story crane bay with a strong floor along with Two Loading Frames in addition to many miniature loading frames.

Activity Report

Name of the Activity: "Smart Polymeric Materials and Structures for Engineering Applications"

Nature of Activity : National Webinar

Organized by : Raajdhani Engineering College with IQAC Cell, Bhubaneswar, Odisha

Date : 21.05.2020

Venue : Online

No of Participants : 223

Resource Person : Dr. Suraj K. Tripathy, Associate Professor, School of Biotechnology, Kalinga Institute of Industrial Technology, Bhubaneswar, Odisha 751024, INDIA

Abstract:

Raajdhani Engineering College, (REC) had systematized a national webinar on 21.05.2020 on the topic **"Smart Polymeric Materials and Structures for Engineering Applications"** which delivered a broad idea about how smart polymeric materials respond with a considerable change in their properties with a small changes in their environment. "Smart" stimuli-sensitive materials can be either synthetic or natural. The chief guest **Dr. Suraj K. Tripathy** make available an overview of the webinar's objectives, themes, and projected outcomes. The main forthcoming of this webinar to motivate student to do revision more o smart polymeric material that are now a days used in materialization of many engineering and electronic structure. Smart materials and their structures including electronics polymers, electro active polymers and actuators are also discussed by the guest.

Activity Report

Name of the Activity: Design Thinking, Critical thinking and Innovation Design

Nature of Activity : National Webinar

Organized by : Dept. of CSE with IQAC Cell

Date : 11.08.2020

Venue : Online

No of Participants : 210

Resource Person : Asso. Prof. Dr. Sumitra Kisan, VSSUT, Sambalpur, Odisha

Abstract:

In today's rapidly evolving world, the symbiotic relationship between Design Thinking, Critical Thinking, and Innovation has garnered significant attention across various domains. This abstract delves into the interconnectedness of these three pillars, elucidating how their integration fosters holistic problem-solving and catalyzes creative endeavours. Design Thinking, a human-centric approach to innovation, emphasizes empathy, ideation, and experimentation. It champions iterative processes that prioritize user needs and experiences, thereby enabling the creation of meaningful solutions to complex challenges.

Activity Report

Name of the Activity: "Recent Cyber Security Attacks and their Mitigation"

Nature of Activity : National Webinar

Organized by : Dept. of CSE & IIC CELL in Collaboration with MIC & AICTE

Date : 10.9.2020

Venue : Online

No of Participants : 235

Resource Person : Prof. Dr. Suvasini Panigrahi
Database and Information Security, VSSUT, Burla, Sambalpur, Odisha.

Abstract:

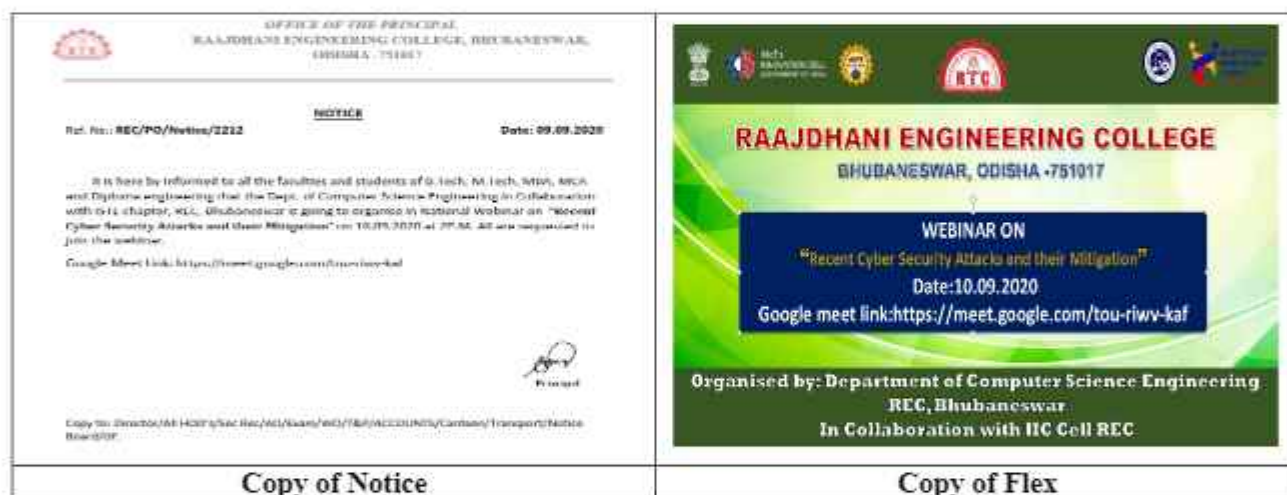

There was a National Webinar on 10th Sept, 2020 which serves as a platform for cyber security attack and its mitigation which show how connectivity and the internet play an increasingly important role in the IT matrix. With widespread connectivity comes a greater risk of cyber-attacks with concomitant steep costs to the economy. This talk covers a broad landscape of security issues and concern. In view of that, on 10th Sept, 2020 from 2p.m to 4 p.m., the Dept. of CSE with association of IIC CELL and with Collaboration with MIC & AICTE on Google meet. The chief guest **Dr. Suvasini Panigrahi** provides an overview of the webinar's objectives, themes, and anticipated outcomes to generate new knowledge and insights. The seminar aims to make aware students from cyber hacking and provide some information about cloud computing. Cloud computing, with its promise of affordable computing to small and medium enterprises, is an attractive target to the hacker community. One possible defence against attacks on cloud computing is the design and deployment of secure enclaves – these isolate the user application program not merely from co-hosted adversaries but also from malicious operating systems and hypervisors.

The Department has modern facilities for teaching, learning and research. The Department offers a wide range of research opportunities and programs of study at undergraduate and postgraduate level. The training imparted aims to prepare young minds for the challenging opportunities in the IT industry with a global awareness supported by experts in the field of Computer science. We afford our students a strong foundation in the principles of computer science and offer a wide range of courses in cutting-edge areas such as machine learning, artificial intelligence, natural language processing, programming languages, computer vision, and security and privacy.

OBJECTIVES:

This workshop on "Recent Cyber Security Attacks and their Mitigation" aims to make aware students from cyber hacking and provide some information about cloud computing. Cloud computing, with its promise of affordable computing to small and medium enterprises, is an attractive target to the hacker community. One possible defense against attacks on cloud computing is the design and deployment of secure enclaves these isolate the user application program not merely from co-hosted adversaries but also from malicious operating systems and hypervisors.

Activity Report

Name of the Activity: "Software Engineering Industry Perspectives"

Nature of Activity : National Webinar

Organized by : Dept. of Computer Science Engineering in Collaboration with MIC & AICTE

Date : 19.10.2020

Venue : Online

No of Participants : 258

Resource Person : Dr. Chandra Sekhar Panda, Associate Professor, Dept. of MCA, Central University of Odisha, Koraput, Odisha

Abstract:

On 19.10.20, there was a national webinar arranged by dept. of computer science engineering on the topic "**Software Engineering Industry Perspectives**" which provided an overview of the pivotal role played by IT sector in shaping the present economic landscape, elucidating its significance in fostering innovation, stimulating growth, and enhancing competitiveness across diverse industries and sectors. Software design is a very creative process. Over the years, it has resulted in many experiments around different aspects such as design, architecture, languages, and paradigms. The chief guest **Dr. Chandra Sekhar Panda** gives a pathway from ideation real roles and career opportunities in the Software domain. The main goal of this webinar was to motivate students to understand the process models and their usages in the software industry. The type of approach actually used a small scale and top MNC. Thus they can able to understand the real-time scenario in today's software industry.

Abstract:

The department of Electrical Engg. & IIC Cell had organized Webinar on "Entrepreneurship skill, Attitude & Behaviour Development" on 17.11.2020 at 11a.m on virtual mode. The chief guest was Prof. Dr. Padma Charon Pradhan, Bhubaneswar, Odisha. This transformative event was designed to equip participants with the essential tools, mind-set, and behaviours needed to thrive in the world of entrepreneurship. The main objective of this seminar was to focus on skill development, attitude cultivation, and behaviour shaping, emphasizing its practical relevance and transformative potential for participants at all stages of their entrepreneurial journey.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg. Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D. in Mechanical Engineering.

OBJECTIVES:

The main motive of this webinar was to equip participants with the essential tools, mind-set, and behaviours needed to thrive in the world of entrepreneurship. The main objective of this seminar was to focus on skill development, attitude cultivation, and behaviour shaping, emphasizing its practical relevance and transformative potential for participants at all stages of their entrepreneurial journey.

ABOUT THE DEPARTMENT

The department offers a vibrant environment for education in Electrical Engineering. Our mission is to provide a high-quality education and prepare students to design and develop products as well as practical solutions to problems in public and private sectors. Currently, the department of Electrical Engineering offers B. Tech. in Electrical Engineering. Faculty members in the Electrical Engineering department hold B. Tech/ M. Tech/ PhD degrees from prestigious government institutions. Faculty members have specialization in diverse fields of Electrical Engineering such as Power systems, Electrical Machines, Electrical Drives, High Voltage Engineering, Control systems, Instrumentation, Biomedical Engineering, Signal Processing, and Data Mining. The faculty members have published a significant number of research and review articles in reputed International Journals as well as in the Proceedings of various International and National Seminars, Conferences, Symposia and Workshops. Members of the faculty have also contributed chapters to books published by well-known international publishers.

How to apply:

Interested candidates fill up the registration form and send to Email Id hodee@rec.ac.in within 15 day. There is no registration fees.

Abstract:

On 14th December 2020, there was a Webinar on "**The future of engineering Entrepreneurship: Trends & opportunities**" at 3p.m. Engineering entrepreneurship is a dynamic field poised at the intersection of innovation, technology, and business acumen. As we navigate through the 21st century, the landscape of engineering entrepreneurship is continuously evolving, driven by emerging trends and unprecedented opportunities. The chief guest Dr. Smita Dash provide a glimpse into the future trajectory of engineering entrepreneurship, highlighting key trends and the potential avenues for growth and innovation.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

ABOUT THE DEPARTMENT

This Civil Department was started in 2008 with basic equipment for Undergraduate Course and for Post Graduate Course in Structural Engineering. From 2009 Civil Engineering Laboratory has been modified and updated several times. In addition to offices, classrooms, and laboratories, the building features a two-story, central crane bay for large-scale experimental research. There is a comprehensive machine shop that is capable of fabricating nearly any item required by faculty who are conducting research. In addition, researchers within Civil engineering Department at GCT have access to the resources of the Computing facilities.

The department's structural research laboratory has a long history of excellence in large-scale experimental structural research. Over the years, research performed at the lab has contributed greatly to the state-of-the-art in Civil Engineering. The structural testing area of the laboratory is a versatile space with a two-story clear height that can be used to carry out a wide range of tests of building materials, components, structural assemblies, and models. It features a central, two-story crane bay with a strong floor along with Two Loading Frames in addition to many miniature loading frames.

OBJECTIVES:

This webinar on "The future of engineering Entrepreneurship: Trends & opportunities" Aims To Creates Jobs, As Well As Wealth, Which Can Be Used To Support Other Economic Activities. The Creation Of New Businesses Is Also Important Because It Helps Preserve And Develop Human Capital. Another significant impact of entrepreneurship on society is innovation and technology advancement. Entrepreneurs are known for their creative and forward-thinking approach, and they often bring new ideas and products to the market that can disrupt traditional industries and change the way we live our lives.

Department of Computer Science & Engineering

Activity Report

Name of the Activity: "RESEARCH FORMULATION AND DESIGN"

Nature of Activity : Workshop

Organized by : Dept. of Computer Science & Engineering

Date : 14.01.2021

Venue : B- 307(Seminar hall)

No of Participants : 40

Resource Person : Asso. Prof. Dr. Smaranika Pattnaik, Sambalpur University, Sambalpur, Odisha

Abstract:

As far as we know on January 14th 2021 the "Research Formulation and Design" are critical stages in the research process that lays the foundation for conducting meaningful and effective studies. On this day, 14th Jan 2021 from 3p.m to 4 p.m., the Dept. of CSE hosted a Workshop on **"RESEARCH FORMULATION AND DESIGN"** at B-307 (Seminar hall). Dr. Smaranika Pattnaik, the chief guest gave outlines in view of key components and considerations involved in these stages. Research formulation involves identifying the research problem, defining research objectives, and developing research questions or hypotheses. It requires a thorough understanding of the existing literature and the identification of gaps of the related areas needing further exploration. Additionally, researchers must consider ethical considerations, practical constraints, and the potential impact of their research. The design of a research study involves making decisions about the overall approach, methodology, sampling techniques, data collection methods, and data analysis procedures. Researchers must carefully select the most appropriate research design which based on the nature of the research problem along with the research objectives.

Raajdhani Engineering College Bhubaneswar, Odisha

Department of Mechanical Engineering

Activity Report

Name of the Activity: "PATENT LAW AND PRACTICES"

Nature of Activity : Webinar

Organized by : Dept. of Mechanical Engineering in Collaboration with IIC Cell

Date : 12.02.2021

Venue : Conference hall, REC, Bhubaneswar

No of Participants : 83

Resource Person : Dr. Jitendra Kumar Das, Asso. Prof. (KIIT, BBSR)

Abstract:

The Webinar on "Patent law and practices" held on 12.02.2021 with the aim of that the patent law serves as a corner stone which safeguard innovation and fostering economic growth by providing inventors with exclusive rights to their creations. The Dept. of ME, in collaboration with IIC Cell, has organized the webinar on "Patent law and practices" at Conference hall, REC. Prof Dr. Jitendra Kumar Das the chief guest, outlines the multifaceted terrain of patent law and practices and shedding light on its pivotal role in the modern technological landscape. Understanding patent law entails grasping its fundamental principles which includes the criteria for patentability, its scope of protection, the procedures for obtaining and enforcing patents. It encompasses a comprehensive examination of statutory requirements, such as novelty, non-obviousness, and utility which serve as the bedrock for patent eligibility. Navigating the intricacies of patent practices demands a nuanced understanding of patent prosecution, litigation, and licensing. The abstract explores various licensing strategies, ranging from exclusive licenses to cross-licensing agreements, and underscores their implications for market dynamics and innovation diffusion.

Educational Qualification: PhD.

Research Interests : VLSI Circuits & System, Embedded System Design, Semiconductor Device Modelling, Signal Processing

Qualification: Acquired B.E. (Electronics & Telecommunication Engineering) in 1992 from Utkal University. Received M. Tech (Electronics System and Communication) in 2004 and Ph. D. (ECE) in 2011 from NIT Rourkela. More than 10 years of teaching experience in various subjects Electronics & Communication like AEC, Digital System Design, VLSI Design, Embedded System Design, Digital Signal Processing. His research interest is VLSI Signal processing, Digital System design, Device Modelling and Embedded System Design

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC. Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The Webinar on "Patent law and practices" with the aim of that the patent law serves as a corner stone which safeguard innovation and fostering economic growth by providing inventors with exclusive rights to their creations. Understanding patent law entails grasping its fundamental principles which includes the criteria for patentability, its scope of protection, the procedures for obtaining and enforcing patents. It encompasses a comprehensive examination of statutory requirements, such as novelty, non-obviousness, and utility which serve as the bedrock for patent eligibility. Navigating the intricacies of patent practices demands a nuanced understanding of patent prosecution, litigation, and licensing.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering at Raajdhani Engineering College, has been in existence since 2008. The Department is organized in terms of four groups namely Fluid Mechanics, Industrial & Production Engineering, Thermal Engineering and Machine Design group. These groups are involved in teaching and research in the broad areas of Fluid Mechanics, Computational Fluid Dynamics, Molecular Fluid Dynamics, Solid Mechanics, and Impact Mechanics & Structural Dynamics. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility.

HOW TO APPLY

This Webinar is conducted online by the Internal Quality Assessment cell collaboration with IE chapter. Interested candidates may register free using the following link till 3 P.M on 11th February 2021:

<https://forms.gle/6s9j7HtnA2RzuPz8>

Raajdhani Engineering College Bhubaneswar, Odisha
Department of Electrical Engineering

Activity Report

Name of the Activity: "The investor's perspective: What VC's look for in Start-up"

Nature of Activity : Seminar

Organized by : Dept. of EE in Collaboration with IE Chapter

Date : 22.03.2021

Venue : Conference Hall, REC, Bhubaneswar

No of Participants : 183

Resource Person : Prof. Dr. Siba Prasad Samal, DRIEMS, Cuttack, Odisha

Abstract:

In the dynamic landscape of start up investments, venture capitalists (VCs) play a pivotal role as the gatekeepers of innovation and growth. Understanding their criteria and preferences is paramount for entrepreneurs seeking funding. Venture capitalists prioritize several fundamental factors when assessing the investment potential of start-ups. Foremost among these is the clarity of the problem and the uniqueness of the solution offered. Start-ups that address pressing market needs with innovative and scalable solutions stand out in the eyes of VCs. Furthermore, demonstrating a deep understanding of the target market's size, growth trajectory, and competitive landscape is essential for capturing investor interest. In view of that, on 22nd March 2021 from 03:00 p.m., the Dept. of EE in Collaboration with IE Chapter at Conference Hall. The chief guest Prof. Dr.Siba Prasad Samal provides an overview of what venture capitalists look for in start-ups, encompassing key elements such as problem-solution fit, market opportunity, team dynamics, traction, scalability, risk mitigation, and exit strategy.

Furthermore, demonstrating a deep understanding of the target market's size, growth trajectory, and competitive landscape is essential for capturing

ABOUT THE DEPARTMENT

The department offers a vibrant environment for education in Electrical Engineering. Our mission is to provide a high-quality education and prepare students to design and develop products as well as practical solutions to problems in public and private sectors. Currently, the department of Electrical Engineering offers B. Tech. in Electrical Engineering. Faculty members in the Electrical Engineering department hold B. Tech/ M. Tech/ PhD degrees from prestigious government institutions. Faculty members have specialization in diverse fields of Electrical Engineering such as Power systems, Electrical Machines, Electrical Drives, High Voltage Engineering, Control systems, Instrumentation, Biomedical Engineering, Signal Processing, and Data Mining. The faculty members have published a significant number of research and review articles in reputed International Journals as well as in the Proceedings of various International and National Seminars, Conferences, Symposia and Workshops. Members of the faculty have also contributed chapters to books published by well-known international publishers.

How to apply:

Interested candidates fill up the registration form and send to Email Id hodee@rec.ac.in within 15 day. There is no registration fees.

Raajdhani Engineering College Bhubaneswar, Odisha

Department of Electrical Engineering

Activity Report

Name of the Activity : "RESEARCH ETHICS, IPR AND SCHOLARY PUBLISHING"

Nature of Activity : National Webinar

Organized by : Dept. of Electrical Engineering in Collaboration with IIC Cell

Date : 14.04.2021

Venue : Online

No of Participants : 81

Resource Person : Prof. Dr. Sharada Prasad Sahoo, Department of Business Administration at Berhampur University and Development Officer (I/C), Odisha

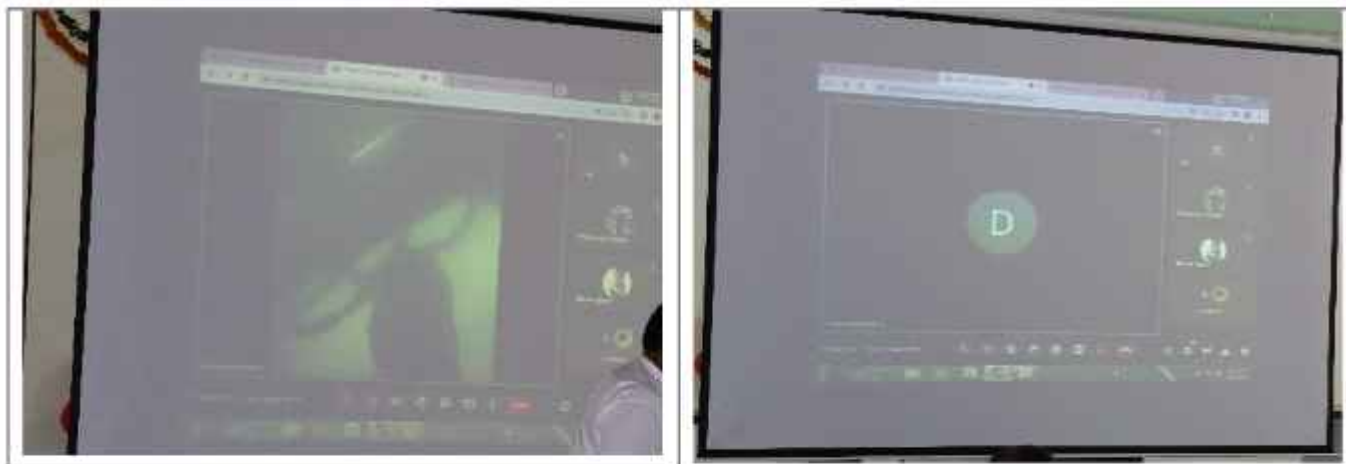

Abstract:

On April 14th 2021 there is a National Webinar based on "**Research ethics, intellectual property rights (IPR) and scholarly publishing**" which are integral components of the academic landscape and collectively shaping the pursuit and dissemination of knowledge. In light of this on April 14th 2021 on 12pm onwards, the Dept. of CSE, in collaboration with the IIC Cell hosted a National Webinar on "Research ethics, intellectual property rights (IPR), and scholarly publishing", at Conference Hall REC. Prof. Dr. Dr. Sharada Prasad Sahoo, encapsulates the multifaceted dynamics and critical considerations within this intersectional domain. Ethical conduct in research of scholarly integrity, encompassing principles of honesty, transparency, and accountability. It involves navigating complex ethical dilemmas, including human subjects' protection, animal welfare, data management, authorship attribution, and different conflicts of interest. However navigating the several intricacies of IPR involves striking a balance between promoting innovation and ensuring equitable access to knowledge particularly in the context of emerging technologies and global inter connectedness. Scholarly publishing serves as the conduct for disseminating research findings and facilitating scholarly communication and advancing collective knowledge. It encompasses various aspects including peer review, copyright, open access, publication ethics, and Bibliometrics. Yet, the scholarly publishing landscape is evolving rapidly, characterized by different debates over access barriers, publication biases, predatory practices and the proliferation of pre-print repositories and open science initiatives.

Brief of guest

Dr. Sharada Prasad Sahoo

Assistant Professor, Department of Business Administration, Berhampur University

A passionate academic with 15 years of experience in Human Resource Management (HRM), currently serves as Assistant Professor, Department of Business Administration at Berhampur University and Development Officer (I/C). Prior to this, he honed his skills at Khallikote Cluster University and Interscience Institute of Management & Technology. Earning his Ph.D. and MBA from Fakir Mohan University (NAAC A), Dr. Sahoo has published in Scopus indexed journals, presented at conferences, and even received the Seva-He-Seva Gold Medal for oration. As convener, he organized research conclaves showcasing his dedication beyond the classroom. Combining research, teaching, and leadership, Dr. Sahoo is a valuable asset to Berhampur University.

**RAAJDHANI ENGINEERING
COLLEGE**

Near Mancheswar Railway Station,

*P.O- Mancheswar Railway Colony, Bhubaneswar-
751017(Orissa)*

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech, Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The aim of this Webinar is to introduce the basics of philosophy of science and ethics, inculcate research integrity, discuss publication ethics and educate on how to identify research misconduct and predatory publications. Intellectual property rights help protect creations of the mind that include inventions, literary or artistic work, images, symbols, etc. If you create a product, publish a book, or find a new drug, intellectual property rights ensure that you benefit from your work. These rights protect your creation or work from unfair use by others. In this article, we will discuss different types of intellectual property rights and learn how they can help researchers.

ABOUT THE DEPARTMENT

The department offers a vibrant environment for education in Electrical Engineering. Our mission is to provide a high-quality education and prepare students to design and develop products as well as practical solutions to problems in public and private sectors. Currently, the department of Electrical Engineering offers B. Tech. in Electrical Engineering. Faculty members in the Electrical Engineering department hold B. Tech/ M. Tech/ PhD degrees from prestigious government institutions. Faculty members have specialization in diverse fields of Electrical Engineering such as Power systems, Electrical Machines, Electrical Drives, High Voltage Engineering, Control systems, Instrumentation, Biomedical Engineering, Signal Processing, and Data Mining. The faculty members have published a significant number of research and review articles in reputed International Journals as well as in the Proceedings of various International and National Seminars, Conferences, Symposia and Workshops. Members of the faculty have also contributed chapters to books published by well-known international publishers.

HOW TO APPLY

This Webinar is conducted by the Internal Quality Assessment Cell. Interested candidates may register free using the given registration form.

Department of MBA

Activity Report

Name of the Activity : "THE GROWTH OF ENTREPRENEURIAL IDEAS AND ABILITIES"

Nature of Activity : National Webinar

Organized by : Dept. of MBA in Collaboration with ISTE Chapter

Date : 19.05.2021

Venue : MBA Seminar hall, REC, Bhubaneswar

No of Participants : 48

Resource Person : Asso. Prof. Dr. Satyakama Mishra, BGU, Bhubaneswar, Odisha

Abstract:

The National Webinar on "The Growth of Entrepreneurial Ideas and Abilities" organized on 19th May 2021 is an interdisciplinary forum that aimed at exploring the dynamics of entrepreneurship and fostering a culture of innovation enterprise. In light of this on May 19, 2021, from 11am-1pm, the Dept. of MBA, in collaboration with ISTE Chapter organized a National Webinar on "**The Growth of Entrepreneurial Ideas and Abilities**" at MBA Seminar hall. The chief guest Dr. Satyakama Mishra provides an overview of the webinar's objectives, themes, as well as anticipated outcomes. Entrepreneurship plays a pivotal role in driving economic growth, fostering innovation, and addressing societal challenges. The webinar seeks to examine into the multifaceted dimensions of entrepreneurship, focusing on the development of entrepreneurial ideas and the cultivation of entrepreneurial abilities among individuals and communities.

OBJECTIVES:

The main objective of this talk to discuss how digital ecosystems are reshaping the entrepreneurial landscape and creating new opportunities for collaboration and growth. Entrepreneur skills include various skill sets such as leadership, business management, time management, creative thinking and problem-solving. You can apply these skills in many job roles and industries. These entrepreneur skills are vital for promoting innovation, business growth and competitiveness. Developing these skills means developing many skills together.

ABOUT THE DEPARTMENT

The Department of Master in Business administration was established in 2008. It provides high quality Management system. The school believes that Management has to interact with technology more intimately in today's world and hence this stride in blending technology with Management Education is highly essential. The department conducts various interactive training programs for the students. This is to equip students with requisite knowledge and skills to meet the challenges of the new order. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility.

HOW TO APPLY

This seminar is conducted by the Internal Quality Assessment Cell. Interested candidates may register free using the given registration form and send to hodmba@rec.ac.in.

Activity Report

Name of the Activity: "INTELLECTUAL PROPERTY RIGHTS AND PATENTING"

Nature of Activity : Seminar

Organized by : Dept. of MBA with IQAC Cell

Date : 24.07.21

Venue : B-307 Seminar Hall, REC

No of Participants : 125

Resource Person : Asso. Prof. Dr. Ashok Kumar Sar, KIIT, Bhubaneswar, Odisha

Abstract:

There was a Seminar on 24th July 2021 which serves as a platform for "**Intellectual Property Rights and Patenting**". The Seminar started at 3:00 p.m. in B-307 Seminar Hall Dr.Ashok Kumar Sar was the speaker. He gave a broad idea about Intellectual property as a category of property that includes intangible creations of the human intellect, and primarily encompasses copyrights, patents and trademarks. It also includes other types of rights, such as trade secrets, publicity rights, moral rights, and rights against unfair competition. The main objective of this seminar was to aware students about their patenting rights. Speaker also explained, how IPR provides total control over an innovation and its creator. Students and faculty members also learned about how small innovations influence societies at large and how they should indulge in innovating and patenting ideas that will be useful for all classes of individuals in society.

Raajdhani Engineering College Bhubaneswar, Odisha
Department of Computer Science & Engineering

Activity Report

Name of the Activity: "FUTURE ASPECTS OF INTELLECTUAL PROPERTY RIGHTS"

Nature of Activity : National Webinar

Organized by : Dept. of CSE

Date : 18.08.2021

Venue : B-307, Seminar Hall, REC, Bhubaneswar

No of Participants : 72

Resource Person : Asst. Prof. Sumant Kerketta (MBA), Sambalpur University

Abstract:

The National Webinar on "**Future Aspects of Intellectual Property Rights**" held on 18.08.2021 that serves as a platform for exploring the emerging trends, challenges, and opportunities in the dynamic landscape of Intellectual Property Rights (IP) at the B-307, Seminar Hall. The chief guest Asst. Prof. Sumanta Kerketta provides an overview of the webinar's objectives, themes, and anticipated outcomes. Intellectual property rights (IPRs) plays a pivotal role in incentivizing innovation, fostering creativity and facilitating knowledge dissemination in diverse fields such as technology, science, arts, and culture. As advancements in technology, globalization its legal frameworks continue to reshape the IP landscape. It is imperative to anticipate and address the future trends and its implications.

RAAJDHANI ENGINEERING COLLEGE

Near Mancheswar Railway Station,

P.O- Mancheswar Railway Colony, Bhubaneswar-
751017(Orissa)

(0674)2972892

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The National Webinar on "Future Aspects of Intellectual Property Rights" aims to be that serves as a platform for exploring the emerging trends, challenges, and opportunities in the dynamic landscape of Intellectual Property Rights (IP). Intellectual property rights (IPRs) plays a pivotal role in incentivizing innovation, fostering creativity and facilitating knowledge dissemination in diverse fields such as technology, science, arts, and culture. As advancements in technology, globalization its legal frameworks continue to reshape the IP landscape. It is imperative to anticipate and address the future trends and its implications.

ABOUT THE DEPARTMENT

The Department of Computer Science was established in the year 2008 with the objective of imparting quality education in the field of Computer Science and strives to shape outstanding computer professionals. The Department has modern facilities for teaching, learning and research. The Department offers a wide range of research opportunities and programs of study at undergraduate and postgraduate level. The training imparted aims to prepare young minds for the challenging opportunities in the IT industry with a global awareness supported by experts in the field of Computer science. We afford our students a strong foundation in the principles of computer science and offer a wide range of courses in cutting-edge areas such as machine learning, artificial intelligence, natural language processing, programming languages, computer vision, and security and privacy.

HOW TO APPLY

Interested candidates fill up the registration form within 15 days and send to the Email Id hodcse@rec.ac.in. No TA/DA applicable for any candidates.

Registration details: No registration fees.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The National Webinar on “**Digital entrepreneurship**” represents a growing domain at the intersection of technology, innovation, business offering a myriad of opportunities and challenges in the rapidly evolving digital landscape. Digital entrepreneurship encompasses the creation, development and scaling of innovative business ventures that leverage digital technologies and platforms to deliver values to customers and stakeholders. It embodies agility, creativity, disruption, transforming traditional business models and industries that come across diverse sectors.

ABOUT THE DEPARTMENT

The department offers a vibrant environment for education in Electrical Engineering. Our mission is to provide a high-quality education and prepare students to design and develop products as well as practical solutions to problems in public and private sectors. Currently, the department of Electrical Engineering offers B. Tech. in Electrical Engineering. Faculty members in the Electrical Engineering department hold B. Tech/ M. Tech/ PhD degrees from prestigious government institutions. Faculty members have specialization in diverse fields of Electrical Engineering such as Power systems, Electrical Machines, Electrical Drives, High Voltage Engineering, Control systems, Instrumentation, Biomedical Engineering, Signal Processing, and Data Mining. The faculty members have published a significant number of research and review articles in reputed International Journals as well as in the Proceedings of various International and National Seminars, Conferences, Symposia and Workshops. Members of the faculty have also contributed chapters to books published by well-known international publishers.

HOW TO APPLY

This Webinar is conducted by the Internal Quality Assessment Cell. Interested candidates may register free using the given registration form.

Raajdhani Engineering College Bhubaneswar, Odisha
Department of Electrical Engineering

Activity Report

Name of the Activity: "Awareness Programme on Intellectual Property (IP)"

Nature of Activity : Expert Talk

Organized by : Dept. of EE

Date : 08.02.2022

Venue : IIT BOMBAY, Next Generation E- CELL, REC, Bhubaneswar

No of Participants : 158

Resource Person : Asso. Prof. Dr. Srinibash Dash, Associate Professor, School of Management at Gangadhar Meher University, Amruta Vihar, Sambalpur, Odisha

Abstract:

As far as we know, the Awareness Programme on Intellectual Property (IP) is designed to educate and empower individuals, entrepreneurs, and innovators about the importance, principles, and practical applications of intellectual property rights (IPRs) in today's knowledge-driven economy. In light of this, on February 8th 2022 from 3 to 4 pm at IIT BOMBAY, Next Generation E- CELL, REC hosted an expert discussion on Intellectual Property (IP). The Chief Guest Dr. Srinibash Dash provides a comprehensive overview of the programmer's objectives, agenda, and anticipated outcomes. In an increasingly competitive and innovation-driven global landscape, intellectual property rights play a crucial role in incentivizing creativity, protecting innovation, and fostering economic growth. However, many individuals and organizations may not fully grasp the significance of IPRs or understand how to navigate the complexities of IP law and practice.

COLLEGE***

*Near Mancheswar Railway Station,
P.O- Mancheswar Railway Colony,
Bhubaneswar-751017(Orissa)*

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

Intellectual Property Rights (IPRs) are a set of exclusive rights protected by law which are accorded to creators or persons over their creations for a certain time of period. An IP right holder can realize value from its intellectual assets through utilizing it internally for its own processes or share it externally through provision of goods and services to customers. The latter can be achieved through legal mechanisms such as licensing or assignment. IPRs are now being used not only as a tool to protect creativity and generate revenue but also to build strategic alliances for socio-economic and technological growth.

ABOUT THE DEPARTMENT

The department offers a vibrant environment for education in Electrical Engineering. Our mission is to provide a high-quality education and prepare students to design and develop products as well as practical solutions to problems in public and private sectors. Currently, the department of Electrical Engineering offers B. Tech. in Electrical Engineering. Faculty members in the Electrical Engineering department hold B. Tech/ M. Tech/ PhD degrees from prestigious government institutions. Faculty members have specialization in diverse fields of Electrical Engineering such as Power systems, Electrical Machines, Electrical Drives, High Voltage Engineering, Control systems, Instrumentation, Biomedical Engineering, Signal Processing, and Data Mining. The faculty members have published a significant number of research and review articles in reputed International Journals as well as in the Proceedings of various International and National Seminars, Conferences, Symposia and Workshops. Members of the faculty have also contributed chapters to books published by well-known international publishers.

HOW TO APPLY

This Talk is conducted by the Internal Quality Assessment Cell. Interested candidates may register free using the given registration form.

Raajdhani Engineering College Bhubaneswar, Odisha

Department of Civil Engineering

Activity Report

Name of the Activity: "Entrepreneurship and Innovation as Career Opportunity"

Nature of Activity : Webinar

Organized by : Dept. Of CE with IIC Cell in collaboration with ISTE Chapter

Date : 11.02.2022

Venue : IIT BOMBAY, Next Generation E- CELL, REC, Bhubaneswar

No of Participants : 193

Resource Person : Prof. Dr. Sharada Prasad Sahoo, Department of Business Administration at Berhampur University and Development Officer (I/C), Odisha

Abstract:

Entrepreneurship, often portrayed as the art of turning ideas into profitable ventures, embodies the spirit of risk-taking, creativity, and resilience. It encompasses a broad spectrum of activities ranging from launching start-ups to revitalizing existing businesses through disruptive strategies. Embracing entrepreneurship entails a mind-set characterized by proactive problem-solving, adaptability to change, and a relentless pursuit of opportunities amidst uncertainty. The webinar was organized by Dept. of CE with IIC Cell in collaboration with ISTE Chapter on 11.02.2022 at 3p.m. in which Prof. Dr. Sharada Prasad Sahoo emphasized on how innovation serves as the lifeblood of entrepreneurship, driving the development of ground breaking products, services and processes. It encompasses a culture of continuous improvement and experimentation, fostering novel solutions to address emerging needs and market gaps. Innovation thrives on collaboration, drawing insights from diverse perspectives and disciplines to fuel transformative change. In conclusion, entrepreneurship and innovation offer promising career pathways for individuals seeking to carve their own destinies in today's dynamic world. By fostering a culture of creativity, resilience, and collaboration, aspiring entrepreneurs can unlock boundless opportunities to shape the future and leave a lasting legacy.

Brief of Guest

Dr. Sharada Prasad Sahoo

Assistant Professor, Department of Business Administration, Berhampur University

email : buodisha.edu.in,

A passionate academic with 15 years of experience in Human Resource Management (HRM), currently serves as Assistant Professor, Department of Business Administration at Berhampur University and Development Officer (I/C). Prior to this, he honed his skills at Khallikote Cluster University and Interscience Institute of Management & Technology. Earning his Ph.D. and MBA from Fakir Mohan University (NAAC A), Dr. Sahoo has published in Scopus indexed journals, presented at conferences, and even received the Seva-He-Seva Gold Medal for oration. As convener, he organized research conclaves showcasing his dedication beyond the classroom. Combining research, teaching, and leadership, Dr. Sahoo is a valuable asset to Berhampur University.

OBJECTIVES:

The Entrepreneurship and Innovation as Career Opportunity workshop aims to provide participants with a comprehensive understanding of the dynamic landscape of entrepreneurship and innovation. Focused on equipping individuals with the essential skills and knowledge to embark on a successful entrepreneurial journey, the workshop will cover key areas such as ideation, business planning, risk management, and creative problem-solving. Through interactive sessions, real-life case studies, and expert insights, participants will gain practical insights into identifying opportunities, navigating challenges, and leveraging innovation as a driver for sustainable career growth.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering at Raajdhani Engineering College, has been in existence since 2008. The Department is organized in terms of four groups namely Fluid Mechanics, Industrial & Production Engineering, Thermal Engineering and Machine Design group. These groups are involved in teaching and research in the broad areas of Fluid Mechanics, Computational Fluid Dynamics, Molecular Fluid Dynamics, Solid Mechanics, and Impact Mechanics & Structural Dynamics. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility.

How to Apply:

This Webinar is conducted online by the Internal Quality Assessment. Interested candidates may register free using the following link till 4 P.M on 10th February 2022

Activity Report

Name of the Activity: "Entrepreneurship skill, Attitude & Behaviour Development"

Nature of Activity : Expert Talk

Organized by : Dept. of MBA in Collaboration with IE Chapter

Date : 16.02.2022

Venue : Conference Hall, REC, Bhubaneswar

No of Participants : 186

Resource Person : Prof. Dr. Sathya Swaroop Debasish (HOD), Business Administration, Utkal University, Bhubaneswar

Abstract:

On 16th February 2022 an Expert talk on "Entrepreneurship skill, Attitude & Behaviour Development" was held in which Entrepreneurship skill, attitude, and behaviour development are essential components in fostering the mind-set and capabilities required for successful entrepreneurship are discussed by Chief guest Prof. Dr. Sathya Swaroop Debasish. In view of that on 16th February 2022 from 3p.m. Dept. of MBA in collaboration with IE Chapter that provides an overview of the multifaceted dimensions of entrepreneurship development, emphasizing the importance of cultivating the skills, attitudes, and behaviours conducive to entrepreneurial success. Entrepreneurship is not merely about starting and running a business but also encompasses a set of skills, attitudes, and behaviours that enable individuals to identify opportunities, innovate, take calculated risks, and navigate challenges effectively. Developing these entrepreneurial attributes is critical for aspiring entrepreneurs, entrepreneurs, and business leaders alike.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The aim of this talk to create awareness about the importance of innovation and idea generation. To develop Positive attitude and overcome mentality, to develop problem solving skills of students and to develop ideas to overcome obstacles and be proactive. Entrepreneur skills include various skill sets such as leadership, business management, time management, creative thinking and problem-solving.

ABOUT THE DEPARTMENT

The Department of Master in Business administration was established in 2008. It provides high quality Management system. The school believes that Management has to interact with technology more intimately in today's world and hence this stride in blending technology with Management Education is highly essential. The department conducts various interactive training programs for the students. This is to equip students with requisite knowledge and skills to meet the challenges of the new order. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility.

How to apply:

Interested candidates fill up the registration form and send to Email Id hodmba@rec.ac.in within 15 day. There is no registration fees.

Raajdhani Engineering College Bhubaneswar, Odisha
Department of Mechanical Engineering

Activity Report

Name of the Activity: "THE ROLE OF IPR IN PRESENT ECONOMIC SCENARIO "

Nature of Activity : National Seminar

Organized by : Dept. of Mechanical Engineering in Collaboration with IE chapter

Date : 18.3.2022-19.03.2022

Venue : Conference Hall, REC, Bhubaneswar

No of Participants : 178

Resource Person : Prof. Dr. R.K. Panda, School of Management National Institute of Technology,
Rourkela, Odisha

Abstract:

On 18.03.22, "THE ROLE OF IPR IN PRESENT ECONOMIC SCENARIO "provides an overview of the pivotal role played by Intellectual Property Rights (IPR) in shaping the present economic landscape, elucidating its significance in fostering innovation, stimulating growth, and enhancing competitiveness across diverse industries and sectors. In light of this, on March 18.03.2022-19.03.2022, Dept. of ME in collaboration with IE cha pater, organize National Seminar on "THE ROLE OF IPR IN PRESENT ECONOMIC SCENARIO "at Conference Hall. The contemporary economic scenario, characterized by rapid technological advancements, globalization, and increasing market competition, Intellectual Property Rights (IPR) emerge as critical assets that underpin innovation, incentivize creativity, and facilitate knowledge dissemination and commercialization.

Odisha, India, 769008

Education:

Doctor of Philosophy (Ph.D.) in Management, Sambalpur University, India. Specialization Area: Marketing.

Achievements, honours & awards:

Awarded the Best Research Paper in International Conference on Business Analytics and Intelligence (ICBAI, 2018) at IISC Bangalore for the paper "Understanding Customer Experiences in Indian Railways: Implementation of Machine Learning based Sentiment Analysis" o

Awarded with the Best research paper in the IIM Indore-NASMEI Summer Marketing Conference, 2017 for the paper titled "Users' Information Privacy Concerns and Privacy Protection Behaviours in Social Networks: Evidence from India".

A TWO DAYS NATIONAL WEBINAR

**ON
"THE ROLE OF IPR IN PRESENT ECONOMIC
SCENARIO"**

18th March 2022-19th March 2022

Organized by
**DEPARTMENT OF MECHANICAL
ENGINEERING,
RAAJDHANI ENGINEERING COLLEGE, BBSR**

RESOURCE PERSON:

Prof. Dr. R.K. Panda, Professor School of
Management, National Institute of Technology,
Rourkela, Odisha, India, 769008.

***RAAJDILANI ENGINEERING
COLLEGE***

Near Mancheswar Railway Station,

*P.O- Mancheswar Railway Colony, Bhubaneswar-
751017(Orissa)*

(0674)2972892

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

This webinar on “the role of IPR in present economic scenario” to encourage right holders to bring their innovations and ideas to the market, thereby promoting the widespread circulation of the latest technology for the betterment of the economy.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering at Raajdhani Engineering College, has been in existence since 2008. The Department is organized in terms of four groups namely Fluid Mechanics, Industrial & Production Engineering, Thermal Engineering and Machine Design group. These groups are involved in teaching and research in the broad areas of Fluid Mechanics, Computational Fluid Dynamics, Molecular Fluid Dynamics, Solid Mechanics, and Impact Mechanics & Structural Dynamics. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility.

HOW TO APPLY

This Webinar is conducted online by the Internal Quality Assessment cell collaboration with IE chapter. Interested candidates may register free using the following link till 3 P.M on 17th March 2022: <https://forms.gle/6s9j7HlnA2RzuPz8>

ADDRESS FOR COMMUNICATION

RAAJDHANI ENGINEERING COLLEGE

Near Mancheswar Railway Station, P.O-Mancheswar Railway Colony, BBSR-751017(Orissa)

Visit us - www.rec.ac.in

CONTACT PERSON

Dr. Manoranjan Panda, dept. of Mechanical Engineering, REC, BBSR

Contact No. (0674)2972892

LOCATION

Raajdhani Engineering College is located in the temple city Bhubaneswar, nearly-3km from NH-5 and adjacent to Mancheswar Rly Station in a sprawling campus. The College is well connected through roadways. Public transport facility is also available at a regular interval from Rly station /Baramunda /Rasulgarh Sq. /Vanivihar.

Raajdhani Engineering College Bhubaneswar, Odisha
Department of Mechanical Engineering

Activity Report

Name of the Activity: "PROTOTYPE/PROCESS DESIGN AND DEVELOPMENT – PROTOTYPING"

Nature of Activity : Workshop

Organized by : Dept. of ME & IIC CELL in Collaboration with MIC & AICTE

Date : 29.03.2022

Venue : Conference Hall, REC, Bhubaneswar

No of Participants : 171

Resource Person : Dr. Swaroop Mohanty, CV Raman Global University, Bhubaneswar, Odisha

Abstract:

There was a Workshop which was held on 29th March 2022 from 2p.m to 4 p.m., the Dept. of ME with addition to IIC CELL in Collaboration with MIC & AICTE at Conference Hall, where Prototype/Process Design and Development plays a pivotal role in the innovation lifecycle, serving as a bridge between conceptualization and commercialization. The Chief guest Dr. Swaroop Mohanty provides an overview of the significance, principles, and methodologies of prototyping in driving product and process innovation. Prototyping is a dynamic and iterative process that involves the creation of scaled-down, functional models or representations of a product, system, or process to validate design concepts, test functionality, and gather feedback from stakeholders. It enables innovators to visualize ideas, identify design flaws, and iterate rapidly towards optimal solutions.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

This workshop on **"PTOTOTYPE AND PROCESS DESIGN"** aims to gain insights in a design thinking process to carry out some form of prototyping. This involves producing an early, inexpensive, and scaled down version of the product in order to reveal any problems with the current design. Prototyping offers designers the opportunity to bring their ideas to test the practicability of the current design, and to potentially investigate how a sample of users think and feel about a product.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering at Raajdhani Engineering College, has been in existence since 2008. The Department is organized in terms of four groups namely Fluid Mechanics, Industrial & Production Engineering, Thermal Engineering and Machine Design group. These groups are involved in teaching and research in the broad areas of Fluid Mechanics, Computational Fluid Dynamics, Molecular Fluid Dynamics, Solid Mechanics, and Impact Mechanics & Structural Dynamics. . The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility.

HOW TO APPLY

Interested candidates fill up the registration form within 15 days and send to the Email Id hodmech@rec.ac.in. No TA/DA applicable for any candidates.

Registration details: No registration fees.

Raajdhani Engineering College Bhubaneswar, Odisha
Department of Electrical Engineering

Activity Report

Name of the Activity: "Entrepreneurial intention, motivation and behaviour"

Nature of Activity : Expert Talk

Organized by : Dept. of EE in Collaboration with IE Chapter

Date : 04.04.2022

Venue : Conference Hall, REC, Bhubaneswar

No of Participants : 183

Resource Person : Prof. Dr. Siba Prasad Samal, DRIEMS, Cuttack, Odisha

Abstract:

There was an Expert Talk where Entrepreneurial intention, motivation, and behaviour are pivotal factors that shapes the initiation, development, and success of entrepreneurial ventures. In view of that, on 4th April 2022 from 11a.m., the Dept. of EE in Collaboration with IE Chapter at Conference Hall. The chief guest Prof. Dr.Siba Prasad Samal provides an overview of the multidimensional nature of entrepreneurial phenomena, exploring the underlying drivers and dynamics that influence individuals' decisions to embark on entrepreneurial journeys. Entrepreneurial intention refers to individuals' predisposition and willingness to engage in entrepreneurial activities, while entrepreneurial motivation encompasses the internal and external factors that drive individuals to pursue entrepreneurial opportunities. Entrepreneurial behaviour encompasses the actions, decisions, and strategies adopted by entrepreneurs to establish and grow their ventures, including opportunity recognition, resource acquisition, and risk-taking.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The aim of this talk is to exert higher level of efforts for the achievement of his/her entrepreneurial goals. The entrepreneurial motivation refers to the forces or drive within an entrepreneur that affect the direction, intensity, and persistence of his / her voluntary behaviour as entrepreneur. So to say, a motivational entrepreneur will be willing to exert a particular level of effort (intensity), for a certain period of time (persistence) toward a particular goal (direction).

ABOUT THE DEPARTMENT

The department offers a vibrant environment for education in Electrical Engineering. Our mission is to provide a high-quality education and prepare students to design and develop products as well as practical solutions to problems in public and private sectors. Currently, the department of Electrical Engineering offers B. Tech. in Electrical Engineering. Faculty members in the Electrical Engineering department hold B. Tech/ M. Tech/ PhD degrees from prestigious government institutions. Faculty members have specialization in diverse fields of Electrical Engineering such as Power systems, Electrical Machines, Electrical Drives, High Voltage Engineering, Control systems, Instrumentation, Biomedical Engineering, Signal Processing, and Data Mining. The faculty members have published a significant number of research and review articles in reputed International Journals as well as in the Proceedings of various International and National Seminars, Conferences, Symposia and Workshops. Members of the faculty have also contributed chapters to books published by well-known international publishers.

How to apply:

Interested candidates fill up the registration form and send to Email Id hodee@rec.ac.in within 15 day. There is no registration fees.

Raajdhani Engineering College Bhubaneswar, Odisha
Department of Mechanical Engineering

Activity Report

Name of the Activity: "Research Methodology for Research Scholars"

Nature of Activity : National Seminar

Organized by : Dept. of ME & IIC CELL in Collaboration with MIC & AICTE

Date : 19.05.2022

Venue : Conference Hall, REC, Bhubaneswar

No of Participants : 154

Resource Person : Prof. Dr. Siba Sankar Mahapatra
HAG, Mechanical Engineering, NIT, Rourkela

Abstract:

There was a National Seminar on 19th May 2022 which serves as a platform for budding researchers to examine into the intricacies of research methodology which sharpen their research skills and enhance their capacity to conduct high-quality research. In view of that, on 19th May, 2022 from 2p.m to 4 p.m., the Dept. of ME with association of IIC CELL and with Collaboration with MIC & AICTE at Conference Hall. The chief guest Prof. Dr.Siba Sankar Mahapatra provides an overview of the seminar's objectives, themes, and anticipated outcomes. The Research methodology forms the bedrock of scholarly inquiry, guiding researchers in the systematic investigation and analysis of phenomena to generate new knowledge and insights. The seminar aims to equip research scholars with the theoretical foundations, practical tools, and ethical principles which necessary to navigate the research process effectively.

Brief of Guest

Siba Sankar Mahapatra Professor HAG Mechanical Engineering
Room Number: ME-012
Department of Mechanical Engineering,
National Institute of Technology Rourkela, Sundargarh, Odisha, India – 769008
Educational Qualification: Ph. D.(IIT Kharagpur)
Specialization: Additive Manufacturing; Non-traditional Machining; Soft Computing; Prediction Tools; Non-traditional Optimization; Modelling & Simulation. Expertise : Expertise in empirical modelling

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:-

This seminar on "**Research Methodology for Research Scholars**" aims to provide a frame work and guidelines for researchers to clearly define research questions, hypotheses, and objectives. It outlines what the researcher intends to accomplish and what they hope to learn or discover through their research. Research objectives are crucial for guiding the research process and ensuring that the study stays focused and on track. A research methodology describes the techniques and procedures used to identify and analyse information regarding a specific research topic.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering at Raajdhani Engineering College, has been in existence since 2008. The Department is organized in terms of four groups namely Fluid Mechanics, Industrial & Production Engineering, Thermal Engineering and Machine Design group. These groups are involved in teaching and research in the broad areas of Fluid Mechanics, Computational Fluid Dynamics, Molecular Fluid Dynamics, Solid Mechanics, and Impact Mechanics & Structural Dynamics. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility.

HOW TO APPLY

Interested candidates fill up the registration form within 15 days and send to the Email Id hodmech@rec.ac.in. No TA/DA applicable for any candidates.

Registration details: No registration fees.

Raajdhani Engineering College Bhubaneswar, Odisha
Department of MBA

Activity Report

Name of the Activity: "Intellectual Property Rights"

Nature of Activity : Workshop

Organized by : Dept. of MBA in Collaboration with MIC & AICTE

Date : 16.06.2022

Venue : Seminar Hall, REC, Bhubaneswar

No of Participants : 142

Resource Person : Dr. J.K. Dash, School of Electronics, KIIT University, Bhubaneswar, Odisha

Abstract:

The One-Day Workshop on 16.06.2022 in Seminar Hall, REC the Dept. of MBA organized on the topic Intellectual Property Rights (IPR) at 2p.m that serves as an interactive platform to educate and empower participants about the significance, principles, and practical applications of intellectual property in fostering innovation, creativity, and economic growth. The chief guest Prof. Dr. J.K. Dash provides a comprehensive overview of the workshop's objectives, agenda, and anticipated outcomes. Intellectual Property Rights (IPR) encompass a range of legal protections, including patents, copyrights, trademarks, and trade secrets, designed to safeguard the fruits of human creativity, innovation, and ingenuity. Understanding and leveraging IPR is essential for individuals, businesses, and institutions to protect their intellectual assets, gain competitive advantage, and commercialize their innovations effectively.

Brief of Guest

Dr. Jitendra Kumar Das

Educational Qualification

PhD.

Research Interests

VLSI Circuits & System, Embedded System Design, Semiconductor Device Modelling, Signal Processing

Qualification:

Acquired B.E. (Electronics & Telecommunication Engineering) in 1992 from Utkal University. Received M. Tech (Electronics System and Communication) in 2004 and Ph. D. (ECE) in 2011 from NIT Rourkela. More than 10 years of teaching experience in various subjects Electronics & Communication like AEC, Digital System Design, VLSI Design, Embedded System Design, Digital Signal Processing. His research interest is VLSI Signal processing, Digital System design, Device Modelling and Embedded System Design

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

IPR provide certain exclusive rights to the inventors or creators of that property, in order to enable them to reap commercial benefits from their creative efforts or reputation. The main objective of intellectual property law is to encourage innovation and to provide incentives for innovation by granting protection to inventors that will allow them to recover research and development investments and reap the benefits of their inventions for a limited period of time. The objective of competition law is to promote efficiency and enhance economic growth and consumer welfare.

ABOUT THE DEPARTMENT

The Department of Master in Business administration was established in 2008. It provides high quality Management system. The school believes that Management has to interact with technology more intimately in today's world and hence this stride in blending technology with Management Education is highly essential. The department conducts various interactive training programs for the students. This is to equip students with requisite knowledge and skills to meet the challenges of the new order. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility.

How to apply:

Interested candidates fill up the registration form and send to Email Id hodmba@rec.ac.in within 15 day. There is no registration fees.

Department of Civil Engineering

Activity Report

Name of the Activity: National seminar "Start up India"

Nature of Activity : National seminar

Organized by : Dept. of Civil Engineering in Collaboration with ISTE chapter

Date : 17.08.2022

Venue : Conference Hall, REC, Bhubaneswar

No of Participants : 131

Resource Person : 1. Prof. Dr. Tushar Kumar Nath (HOD), Civil, IGIT, Sarang

2. Prof. Dr. Chittaranjan Patra (HOD), Civil, NIT, Raurkela

Abstract:

Here we know on August 17th 2022, the "Start up India" serves as a platform to catalyse discussions, collaborations, and insights into the burgeoning start up ecosystem in India, aimed at fostering innovation, entrepreneurship, and driving economic growth. In light of this, on August 17th 2022, from 3 to 4pm, Dept. of CE, in collaboration with ISTE, organize National webinar on "Start up India", at Conference hall. Provides an overview of the seminar's objectives, themes, and anticipated outcomes. India's start up landscape has witnessed exponential growth in recent years, propelled by government initiatives, technological advancements, and a vibrant entrepreneurial spirit. The seminar aims to celebrate and explore the transformative potential of start-ups in driving innovation, creating employment opportunities, and fuelling economic development.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes: MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The goal of "STARTUP INDIA" is the development and innovation of products and services and increasing the employment rate in India. Benefits of Startup India Scheme is Simplification of Work, Finance support, Government tenders, networking opportunities. Start-up India, Stand up India campaign is launched to promote bank financing for starting businesses by the youths. This initiative is planned by the government to encourage Dalits, Adivasi, and women towards entrepreneurship.

ABOUT THE DEPARTMENT

The Department of Civil Engineering at Raajdhani Engineering College, has been in existence since 2008. The Civil Department is focused on the Designing, Surveying, and Construction sectors, producing technically expert engineers. Civil Engineers are making significant contributions in planning and execution of Civil Engineering projects in India. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility. The Civil Engineering Department is one of the prestigious departments of this institute. The department offers four year B-Tech & two year M-Tech course in Structural Engineering specialization. The focus is to provide application oriented education covering the entire spectrum of Civil Engineering.

How to apply:

Interested candidates fill up the registration form and send to Email Id hodcivil@rec.ac.in within 15 day. There is no registration fees.

Raajdhani Engineering College Bhubaneswar, Odisha
Department of Mechanical Engineering

Activity Report

Name of the Activity: "RESEARCH METHODOLOGY & PRACTICE"

Nature of Activity : National Conference

Organized by : Dept. of Mechanical Engg. & IIC Cell in collaboration with ISTE Chapter

Date : 05.09.2022 to 06.09.2022

Venue : Conference Hall, REC, Bhubaneswar

No of Participants : 154

Resource Person : Dr. Prof. Ashok Kumar Pradhan, Assistant Professor at Indira Gandhi Institute of Technology (IGIT), Sarang

Abstract:

There was a National Conference which serves as a platform for budding Research Methodology & Practice which was a cornerstone of scholarly inquiry, guiding researchers in the systematic investigation of phenomena to generate new knowledge and insights. In view of that, from 05th September to 06th September 2022 from 2p.m to 4 p.m., the Dept. of ME & IIC Cell organized a conference at Conference Hall, REC and the chief guest Prof. A. K. Pradhan provides an overview of the critical components and principles of research methodology, emphasizing their application in enhancing the rigor and impact of research endeavours. Research methodology encompasses a spectrum of approaches, techniques, and tools employed in the design, conduct, analysis, and interpretation of research studies across diverse disciplines and fields of inquiry. It encompasses both qualitative and quantitative methods, as well as mixed-methods approaches, each offering distinct strengths and opportunities for addressing research questions and objectives.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The purpose of this conference is to explain the reasoning behind your approach to your research -you'll need to support your collection methods, methods of analysis, and other key points of your work. Research methodology is a way of explaining how a researcher intends to carry out their research. It's a logical, systematic plan to resolve a research problem. A methodology details a researcher's approach to the research to ensure reliable, valid results that address their aims and objectives. It encompasses what data they're going to collect and where from, as well as how it's being collected and analysed.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering at Raajdhani Engineering College, has been in existence since 2008. The Department is organized in terms of four groups namely Fluid Mechanics, Industrial & Production Engineering, Thermal Engineering and Machine Design group. These groups are involved in teaching and research in the broad areas of Fluid Mechanics, Computational Fluid Dynamics, Molecular Fluid Dynamics, Solid Mechanics, and Impact Mechanics & Structural Dynamics. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility.

How to Apply:

Individuals interested in participating in the conference may register by filling out the registration form and send to Email Id hodmech@rec.ac.in. No registration fees.

Department of Civil Engineering
Raajdhani Engineering College Bhubaneswar, Odisha
Activity Report

Name of the Activity: "Intellectual Property Right: Basic understanding"

Nature of Activity : National Seminar

Organized by : Dept. Civil Engineering & IQAC CELL in Collaboration with IE

Date : 11.11.2022

Venue : Conference Hall, REC, Bhubaneswar

No of Participants : 159

Resource Person : Prof. Dr. Diptirekha Mohapatra, Sambalpur University, Sambalpur, Odisha

Abstract:

One day Seminar was organized by Civil Engineering Department on "Intellectual Property Rights: Basic understanding". This program was scheduled and conducted for one day dated 11th November 2022 from 03.00 PM to 4:00 PM. Session was conducted very well by Resource Persons. This seminar was inaugurated by Dr. Diptirekha Mohapatra, Sambalpur University, Sambalpur, Odisha. The session was very interactive with questions from faculties and students and clearing the doubts by Resource persons with their Expertise and experience in the field. The main motive of this seminar was to make mindful students about IPR and its claims like IPR allows students to protect their innovative ideas, creations, and research findings. This recognition and protection incentivize students to invest time and effort into creating valuable intellectual assets.

Department of Electronics and Communication Engineering

Activity Report

Name of the Activity: "Innovation/prototype validation -coveting innovation in to a start up on achieving "value proposition fit and business fit"

Nature of Activity : Seminar

Organized by : Dept. of ECE in Collaboration with MIC and AICTE

Date : 07.01.23

Venue : Conference Hall, REC, BBSR

No of Participants : 246

Resource Person : Prof. (Dr.) Tushar Kanti Das, Sambalpur University, Odisha

Abstract:

Innovation is the cornerstone of progress, but its successful transition into a sustainable start up requires careful validation and alignment with market needs. This abstract delves into the process of converting innovation into a viable start up, focusing specifically on achieving value proposition fit and business fit. Achieving value proposition fit goes beyond mere validation of the product or service. It requires a deep understanding of the customer's pain points, preferences, and willingness to pay. Entrepreneurs must articulate the unique value their innovation offers and how it differentiates from existing solutions. On the day January 7, 2023 from 4pm Dept. of ECE, REC in collaboration with MIC and AICTE hosted the seminar "**Innovation/prototype validation -coveting innovation in to a start up on achieving "value proposition fit and business fit"**" in which Prof. Tushar Kanti Das elaborated on how the process involves market research, customer interviews, and validation experiments to validate assumptions and fine-tune the value proposition accordingly.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering. Ph.D in Mechanical Engineering.

OBJECTIVES:

The main objective behind conduction of Seminar was to educate students as how to analyse their ideas of innovation, and how to convert it into a Start-Up and to motivate them to enter the world of Entrepreneurship in lieu of creating Atmanirbhar Bharat (Self Dependent India), which is the vision and dream of our Honorable Prime Minister Shri. Narendra Modi Ji which can be surely achieved by large scale participation of the citizens of India.

ABOUT THE DEPARTMENT

The Department of Electronics and Communication Engineering was started in the year 2008 with the idea of equipping young people with the necessary technical knowledge and professional skills needed to address the challenges in the rapidly growing field of Electronics and Communication Engineering and promoting research in this area. ECE department is a dynamic and vibrant department with about 24 highly qualified, experienced and dedicated faculty members. The department meets the growing requirement of practical design engineers in the country and abroad. We put all our efforts to make our students to compete internationally and to produce creative solutions to society's needs, universal moral values, adherent to professional ethical code, and to generate any knowledge and technologies essential to the local and global needs in the field of Electronics & Communication.

HOW TO APPLY

This seminar is conducted by the Internal Quality Assessment Cell. Interested candidates may register free using the given registration form.

ADDRESS FOR COMMUNICATION

RAAJDHANI ENGINEERING COLLEGE

Near Mancheswar Railway Station, P.O-Mancheswar Railway Colony, BBSR-751017(Orissa),

Raajdhani Engineering College Bhubaneswar, Odisha
Department of MBA

Activity Report

Name of the Activity: "Start up and minimum viable product/business"

Nature of Activity : Expert talk

Organized by : Dept. of MBA and IQAC Cell in collaboration with ISTE Chapter

Date : 21.01.23

Venue : Conference Hall, REC, Bhubaneswar

No of Participants : 260

Resource Person : Prof. Susant Kumar Baral (HOD), Berhampur University, Odisha

Abstract :

The concept of MVP, popularized by Eric Ries in his book "The Lean Startup," advocates for the development of a product with the minimum features necessary to satisfy early customers. This methodology enables startups to validate their assumptions, gather feedback, and iterate rapidly, all while conserving resources & the dynamic landscape of entrepreneurship, startups often find themselves navigating through uncertainty and resource constraints. An Expert talk "Start up and minimum viable product/business" was organized by Dept. of MBA and IQAC cell in collaboration with ISTE chapter in which Prof Susant Kumar Baral delves into the significance of the Minimum Viable Product (MVP) approach in the journey of a start up.

RAAJDHANI ENGINEERING COLLEGE

Near Mancheswar Railway Station,

P.O- Mancheswar Railway Colony, Bhubaneswar-
751017(Orissa)

E-mail-hodmba@rec.ac.in

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The primary goal of the MVP is to always minimize time and effort wasted by testing how the market reacts to your idea before building the complete product. Validate product idea hypotheses with real-life data. Reduce time-to-market for new feature releases. The MVP helps reach product-market fit efficiently. It's the Holy Grail which is an indicator of serious engagement where enough people are using or paying for your product and it means that you've managed to answer user's needs and most of them

ABOUT THE DEPARTMENT

The Department of Master in Business administration was established in 2008. It provides high quality Management system. The school believes that Management has to interact with technology more intimately in today's world and hence this stride in blending technology with Management Education is highly essential. The department conducts various interactive training programs for the students. This is to equip students with requisite knowledge and skills to meet the challenges of the new order. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility.

How to apply:

Interested candidates fill up the registration form and send to Email Id hodmba@rec.ac.in within 15 day. There is no registration fees.

Raajdhani Engineering College Bhubaneswar, Odisha
Department of MBA

Activity Report

Name of the Activity: "Entrepreneurship Skill, Attitude and Behaviour Development"

Nature of Activity : Workshop

Organized by : Dept. of MBA with IIC Cell in collaboration with ISTE Chapter

Date : 13.02.23

Venue : Conference Hall, REC, Bhubaneswar

No of Participants : 265

Resource Person : Asso. Prof. (Dr.) Himanshu Bhusan Gochhayat, DRIEMS University, Cuttack, Odisha

Abstract:

On February 13th 2023 Asst. Prof Himanshu Bhusan Gochhayat along with students hold a workshop on "Entrepreneurship Skill, Attitude and Behaviour Development" in conference hall with Dept. of MBA. Entrepreneurship is not merely a profession but a mind set, a set of skills, attitudes, and behaviours that propel individuals towards innovation, risk-taking, and value creation. This review aims to synthesize existing literature on the development of entrepreneurship skills, attitudes, and behaviours, elucidating their interplay and impact on entrepreneurial success. The review begins by defining entrepreneurship and delineating its multidimensional nature, encompassing cognitive, affective, and behavioural aspects. Subsequently, it explores the acquisition and enhancement of entrepreneurial skills, ranging from technical competencies to soft skills such as communication, adaptability, and resilience.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC. Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha. Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

This workshop on "Entrepreneurship **Skill, Attitude and Behaviour Development**" aims to synthesize existing literature on the development of entrepreneurship skills, attitudes, and behaviors, elucidating their interplay and impact on entrepreneurial success. The review begins by defining entrepreneurship and delineating its multidimensional nature, encompassing cognitive, affective, and behavioral aspects. Subsequently, it explores the acquisition and enhancement of entrepreneurial skills, ranging from technical competencies to soft skills such as communication, adaptability, and resilience.

ABOUT THE DEPARTMENT

The Department of Master in Business administration was established in 2008. It provides high quality Management system. The school believes that Management has to interact with technology more intimately in today's world and hence this stride in blending technology with Management Education is highly essential. The department conducts various interactive training programs for the students. This is to equip students with requisite knowledge and skills to meet the challenges of the new order. The department is backed up by good blend of young, energetic, experienced and qualified faculty members from diverse fields. It has well equipped state-of-the-art Smart Class Room with projector facility.

HOW TO APPLY

Interested candidates fill up the registration form within 15 days and send to the Email Id iqac@rec.ac.in. No TA/DA applicable for any candidates.

Registration details: No registration fees.

Raajdhani Engineering College Bhubaneswar, Odisha
Department of Computer Science and Engineering

Activity Report

Name of the Activity: "Organise an Expert talk on Process of Innovation Development, Technology Readiness Level (TRL); Commercialisation of Lab Technologies & Tech-Transfer"

Nature of Activity : Expert talk

Organized by : Dept. of Computer science and technology in collaboration with IQAC cell

Date : 15.02.2023

Venue : Conference Hall, REC, Bhubaneswar

No of Participants : 240

Resource Person : Prof. Dr. Sirish Ranjan Panda, OUAT, Bhubaneswar, Odisha

Abstract:

The journey from conceptualization in the laboratory to successful commercialization in the market is a multifaceted process requiring meticulous planning, strategic decision-making, and effective technology transfer mechanisms. This abstract elucidates the intricacies of innovation development, assesses Technology Readiness Levels (TRLs), and delineates strategies for commercializing lab technologies through robust tech transfer frameworks. Through real-world case studies and practical insights, this abstract offers a roadmap for navigating the complexities of innovation development, TRL assessment, and technology commercialization. On the day 15.02.23, Dept. of CSE in collaboration with IQAC cell organized an Expert talk on the process of Innovation Development, Technology Readiness Level (TRL) in which.

Brief of guest

Dr. Sirish Ranjan Panda

Assistant Professor, College of Basic Science and Humanities, OUAT

Qualification: MSc. M.Phil. Ph.D.

Area of specialisation: Material Chemistry (Nanoparticles Synthesis, its use in environmental Science), Skills and Expertise Medicinal Plants Catalyst Material Characterization XRD Analysis X-ray Diffraction Nanomaterial's Nanoparticle Synthesis

Bhubaneswar, Odisha

RAAJDHANI ENGINEERING COLLEGE

Near Mancheswar Railway Station,

P.O- Mancheswar Railway Colony, Bhubaneswar-
751017(Orissa)

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

This talk will brief about "Process of Innovation Development & Technology Readiness Level (TRL) and Commercialization of Lab Technologies & Tech Transfer". The main objective of this webinar was to discuss –Generating Ideas, capturing ideas, beginning innovation, developing a business- effectiveness strategy, Applying Business Improvement, and Decline. One of the key takeaways from the talk was the importance of understanding the Technology Readiness Level (TRL) in assessing the viability of new technologies. The panel of experts highlighted the significance of identifying the right TRL level for a technology to ensure that it is suitable for commercialization.

ABOUT THE DEPARTMENT

The Department of Computer Science was established in the year 2008 with the objective of imparting quality education in the field of Computer Science and strives to shape outstanding computer professionals. The Department has modern facilities for teaching, learning and research. The Department offers a wide range of research opportunities and programs of study at undergraduate and postgraduate level. The training imparted aims to prepare young minds for the challenging opportunities in the IT industry with a global awareness supported by experts in the field of Computer science. We afford our students a strong foundation in the principles of computer science and offer a wide range of courses in cutting-edge areas such as machine learning, artificial intelligence, natural language processing, programming languages, computer vision, and security and privacy.

HOW TO APPLY

Interested candidates fill up the registration form within 15 days and send to the Email Id hodcse@rec.ac.in. No TA/DA applicable for any candidates.

Registration details: No registration fees.

Raajdhani Engineering College Bhubaneswar, Odisha
Department of Electrical Engineering

Activity Report

Name of the Activity: "Prototype / Process Design and Development"

Nature of Activity : Workshop

Organized by : Dept. of EE and IQAC Cell in collaboration with IE chapter

Date : 17.03.23

Venue : B-307, REC, Bhubaneswar

No of Participants : 230

Resource Person : Dr. Lokanath Tripathy (HOD Electrical Engineering), OUTR, Bhubaneswar Odisha

Abstract:

In the dynamic landscape of product innovation and industrial advancement, the "**Process of prototype and process design**" which was organized by Dept. of EE and IQAC Cell in collaboration with IE chapter in B-307 at 4p.m. in which **Dr. Lokanath Tripathy** (HOD Electrical Engineering), OUTR, was cordially invited. The Workshop on Prototype / Process Design and Development aims to delve into the intricacies of this critical juncture, fostering a comprehensive understanding of the methodologies, tools, and best practices essential for successful outcomes. This workshop offers a unique platform for professionals, researchers, and enthusiasts to explore the spectrum of prototype and process design, from conceptualization to execution. Through interactive sessions, hands-on demonstrations, and expert-led discussions, participants will navigate through the nuances of ideation, iteration, and refinement, crucial for transforming concepts into tangible prototypes and streamlined processes.

Brief of Guest

Dr. Lokanath Tripathy

Qualification : 1. PhD (Power System Protection), IIT, Bhubaneswar-2014 2. M.Tech (Power System Engineering), IISc, Bangalore-2005 3. B.E (Electrical Engineering), IGIT, Sarang, Odisha -1993 4. 12th (CHSE) - SCS College, Puri, Odisha-1988 5. 10th (HCE)- G.B High School, Olhan, Puri, Odisha-1986

Specialization :Power System Protection, Digital Protection, PMU, Microgrid Protection, FACTS Devices, Power Signal Processing, Integration of Renewable Sources , Application of AI and machine learning to Power System Protection.

ABOUT THE DEPARTMENT

The department offers a vibrant environment for education in Electrical Engineering. Our mission is to provide a high-quality education and prepare students to design and develop products as well as practical solutions to problems in public and private sectors. Currently, the department of Electrical Engineering offers B. Tech. in Electrical Engineering. Faculty members in the Electrical Engineering department hold B. Tech/ M. Tech/ PhD degrees from prestigious government institutions. Faculty members have specialization in diverse fields of Electrical Engineering such as Power systems, Electrical Machines, Electrical Drives, High Voltage Engineering, Control systems, Instrumentation, Biomedical Engineering, Signal Processing, and Data Mining. The faculty members have published a significant number of research and review articles in reputed International Journals as well as in the Proceedings of various International and National Seminars, Conferences, Symposia and Workshops. Members of the faculty have also contributed chapters to books published by well-known international publishers.

HOW TO APPLY

This Webinar is conducted by the Internal Quality Assessment Cell. Interested candidates may register free using the given registration form.

Raajdhani Engineering College Bhubaneswar, Odisha

Department of Electrical Engineering

Activity Report

Name of the Activity: "Business Model Canvas (BMC)"

Nature of Activity : Workshop

Organized by : Dept. of EE and IQAC Cell in collaboration with IE Chapter

Date : 28.03.23

Venue : Conference Hall, REC, Bhubaneswar

No of Participants : 145

Resource Person : Prof. Dr.Chandan Kumar Biswas, Dept. Mechanical Engineering, NIT, Raurkela, Odisha

Abstract:

In the realm of entrepreneurship and business innovation, the Business Model Canvas (BMC) has emerged as a fundamental tool for visualizing, analysing, and refining business models. The Session/Workshop on "Business Model Canvas (BMC)" offers a comprehensive exploration of this versatile framework, empowering entrepreneurs, start-ups, and seasoned professionals alike to craft resilient and scalable business models. This workshop on "Business Model Canvas (BMC)" was organized by EE dept. in the conference hall on 28th march 2023 in which the chief guest Prof Dr. Chandan Kumar Biswas provides participants with an immersive learning experience, blending theoretical insights with practical applications through interactive discussions, case studies, and hands-on exercises.

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The Workshop on "Business Model Canvas (BMC)" offers a comprehensive exploration of this versatile framework, empowering entrepreneurs, startups, and seasoned professionals alike to craft resilient and scalable business models. The business model canvas is a tool designers use to map out a business or product's key actors, activities and resources, the value proposition for target customers, customer relationships, channels involved and financial matters. It gives an overview to help identify requirements to deliver the service and more.

ABOUT THE DEPARTMENT

The department offers a vibrant environment for education in Electrical Engineering. Our mission is to provide a high-quality education and prepare students to design and develop products as well as practical solutions to problems in public and private sectors. Currently, the department of Electrical Engineering offers B. Tech. in Electrical Engineering. Faculty members in the Electrical Engineering department hold B. Tech/ M. Tech/ PhD degrees from prestigious government institutions. Faculty members have specialization in diverse fields of Electrical Engineering such as Power systems, Electrical Machines, Electrical Drives, High Voltage Engineering, Control systems, Instrumentation, Biomedical Engineering, Signal Processing, and Data Mining. The faculty members have published a significant number of research and review articles in reputed International Journals as well as in the Proceedings of various International and National Seminars, Conferences, Symposia and Workshops. Members of the faculty have also contributed chapters to books published by well-known international publishers.

HOW TO APPLY

This seminar is conducted by the Internal Quality Assessment Cell. Interested candidates may register free using the given registration form and send to iqac@rec.ac.in.

Raajdhani Engineering College Bhubaneswar, Odisha
Department of Electrical and Electronics Engineering

Activity Report

Name of the Activity: "Intellectual Property Rights (IPs) and IP Management For Start Up"

Nature of Activity : Seminar

Organized by : Dept. of EEE and IQAC Cell in collaboration with ISTE Chapter

Date : 20.05.23

Venue : Conference Hall, REC, Bhubaneswar

No of Participants : 230

Resource Person : Prof. Lopamudra Nayak, Birla Global University, Bhubaneswar

Abstract :

Intellectual Property Rights (IPRs) play a pivotal role in safeguarding the innovative ideas and creations of startups offering a competitive edge and facilitating their journey towards success. Recognizing the critical role of IPRs and effective IP management in start-up development this workshop aims to provide comprehensive insights and practical guidance to start up founders, entrepreneurs, and innovators. The Seminar "Intellectual Property Rights (IPs) and IP Management For Start Up" in which Prof. Lopamudra Nayak delver into various aspects of IPRs, including patents, trademarks, copyrights, and trade secrets, elucidating their significance in protecting intellectual assets and fostering innovation. Through interactive sessions and case studies, participants will gain a deeper understanding of the different types of IPRs and learn how to leverage them strategically to enhance the value of their startups and attract investors.

RAAJDHANI ENGINEERING COLLEGE

Near Mancheswar Railway Station,

P.O- Mancheswar Railway Colony, Bhubaneswar-
751017(Orissa)

E-mail-hodeee@rec.ac.in

ABOUT THE INSTITUTION

Raajdhani Engineering College, Bhubaneswar was established in the year of 2006 and is one of the pioneer technical institutions in eastern India, approved by AICTE, Govt. of India, and affiliated to BPUT, Odisha. It is recognized by Dept. of Science & Tech. Govt. of India as SIRO & accredited by NAAC.

Testing Laboratory of Civil Engg Dept. has been approved by Govt. of Odisha.

Presently the college offers 3 years Diploma courses in Civil and Mechanical, 4 years B.Tech degree courses in CSE, ECE, EEE, EE, ME, CE, and Master degree programmes MCA, MBA and M.Tech in Communication Engineering, Structural Engineering, Production Engineering, Computer Science Engineering and Power System Engineering, Ph.D in Mechanical Engineering.

OBJECTIVES:

The objective of this seminar is to aware the internal faculty members about Intellectual Property Rights (Iprs) And Ip Management For Start Up. It is believed that this program will help our internal faculty members to develop in house research facility for future innovation. To make aware the faculty members about IPR and its management. Benefits in terms of learning/Skill/Knowledge is obtained by this program will help our internal faculty members to develop knowledge in Intellectual Property Rights (IPR) And IP Management for Start Up using the in house research facilities.

ABOUT THE DEPARTMENT

Electrical and Electronics Engineering is one of the largest and fastest growing fields which generally deals with the study and application of Electricity, Electronics & Electromagnetism. The department of Electrical and Electronics Engineering was established in the year 2006 with an objective to develop professionals through quality education with an intake of 60 students. Our main aim is to impart knowledge with innovative ideas to the students in the teaching-learning process. In the teaching-learning process, the students are given assignments and are made to work out exercise problems to equip themselves for the examination which is done apart from the two series tests. Our dept. Students have proved their talents in university fest and won prizes for the institution and making our institution to head among others.

How to apply:

Interested candidates fill up the registration form and send to Email Id hodeee@rec.ac.in within 15 day. There is no registration fees.
